We aim to be the preferred partner of choice for our customers, suppliers and associates in the market segments we participate in.

# 🗭 MISSION

QES is the leading integrated solution provider specialized in distribution and service of precision equipment, material and engineering. We have design and manufacturing capability on inspection and automated handling equipment. We always work towards long-term profitability and sustainable growth by:

- Continuously training and empowering our Employees
- Keeping our Customers satisfied over long-term
- Building lasting relationships with our Key Suppliers
- Aligning to our Shareholders' vision and commitment

# ABOUT **ABOUT**

QES was founded in Oct 1991. We specialise in manufacturing, distribution and provision of engineering services for inspection, test, measuring, analytical and automated handling equipment. QES Group of companies has since grown into a leading integrated solution provider with manufacturing capability.

The Group has 2 core business division:

- Distribution Division
- Manufacturing Division

Our successful ingredient is always customer driven. It is vital for us to constantly seek the best solution to suit our customers' requirements.

- 2. All the Key Management above does not hold directorship in any other public listed companies and has no conflict of interest with the Company.

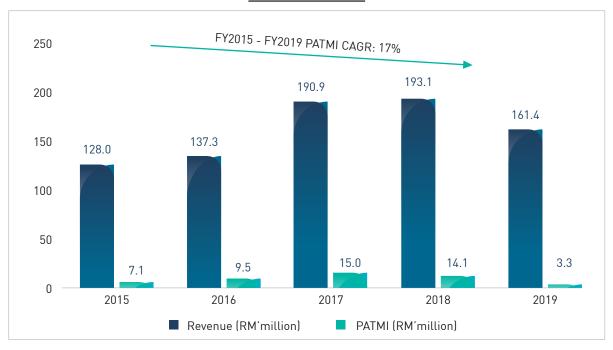

#### Dear Shareholders,

We wrapped-up the financial year ended ("FYE") 31 December 2019 in a cautious mode yet resolved to achieve better for 2020. In 2019, Bursa Malaysia has been one of the worst performing bourses in Asia following the economic slowdown due to the prolonged US-China trade war, geopolitical tensions which resulted in an overall slowdown on global economy. Despite that, with a diverse market segment and sticky recurring revenue from our services income, the Group managed to sustain a profitable business for the FYE 2019. On behalf of the Board of Directors ("Board"), we are pleased to present the Annual Report and the Financial Statements of the Group for FYE 2019.

#### FINANCIAL PERFORMANCE

#### (i) Analysis of financial results

The Group ended the financial year with RM161.4 million in revenue and RM3.3 million in profit after tax attributable to the owners of the company ("PATMI"). Revenue declined by RM31.7 million from RM193.1 million while our PATMI declined by RM10.8 million from RM14.1 million as compared to FYE 2018. The decline in both revenue and profit were mainly attributed by significant lower sales generated from the Manufacturing Division, which was affected by economic uncertainties locally and worldwide.

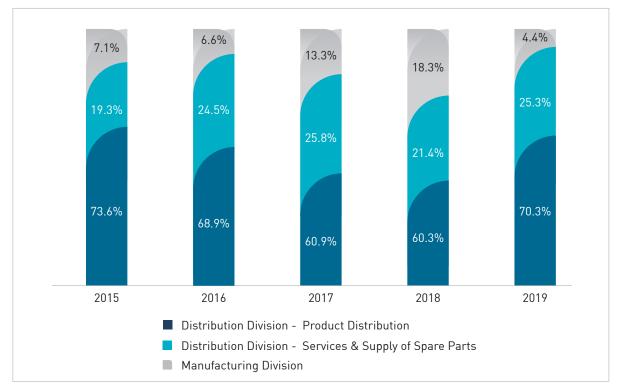

**Revenue & PATMI** 

11

### Letter to Shareholders (Cont'd)

#### (ii) Significant drop in manufacturing revenue

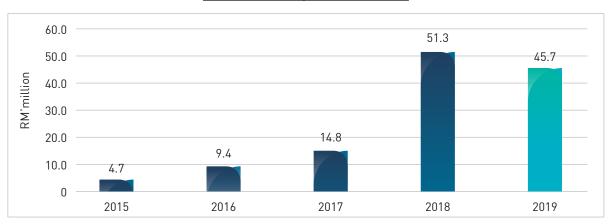

Revenue in the Manufacturing Division decreased significantly by 80% year-on-year ("YoY") and recorded a loss before tax ("LBT") of RM4.3 million as compared to a profit before tax ("PBT") of RM6.2 million last year due to less deliveries of Automated Optical Inspection Systems. The overall slowdown in the semiconductor industry worldwide was the main reason for the drastic reduction of deliveries.

#### Manufacturing & Distribution Division Breakdown

#### (iii) Maintaining a strong balance sheet

As at 31<sup>st</sup> December 2019, the Group has cash and cash equivalents of RM45.7 million. In view of the expected downcast economic climate in FY 2020 due to the outbreak of the Covid-19, political uncertainties and a worldwide economic slowdown, the Group is committed to optimise usage of our cash reserves over the next 12 months, in ensuring the sustainability of the Group.

#### **Cash & Cash Equivalents Trend**

### Letter to Shareholders (Cont'd)

#### (iv) Shareholders' equity growth

Our shareholders' equity increased from RM87.8 million in FYE 2018 to RM89.1 million in FYE 2019. With the Group's net cash position, gearing ratio remained negative in FYE 2019 whilst our current ratio improved from 2.23 times to 2.31 times. The Group's cash and cash equivalents decreased to RM45.7 million in FYE 2019, compared to RM51.3 million.

#### **BUSINESS SUSTAINABILITY AND DEVELOPMENT**

#### (i) Sustainable growth in the Manufacturing Division

During FYE 2019, one of the key takeaways was the volatile level of revenue from the Manufacturing Division due to its heavy reliance on Post Wire Bond Automated Optical Inspection (PWB AOI) in the semiconductor industry. While the Group will continue to focus and expand on its core business in the development and improvement on the PWB AOI series, we are planning to add on more automatic handling equipment relating to automation and Industry 4.0 requirements. The Manufacturing Division introduced 4 new product lines in FYE 2019 which includes the following:

- 1. Optical Inspection Series (Molded Strip Optical Inspection System and Post Die Attach Inspection System)
- 2. Automatic Handling Series (Wafer Barcode Printing & Labelling System and Precision Tilt Sensing System).

#### (ii) People Development

Succession planning has always been a part of our Corporate Governance oversight and remains a priority for the Board. The Group regularly undertakes a thorough and regular management talent pool review to ensure that the Group can maintain a robust, knowledgeable and talented pool of people at any given time.

#### (iii) Product Development

We constantly keep up with new market trends to ensure that our Distribution Division brings in new products to the ASEAN market while at the same time strengthening our existing products' offerings through deeper and wider collaboration with our key suppliers.

In FYE 2019, the Group expanded our product group to target those in the General Industry such as Analytics, Research and Development and other Industrial Applications through the introduction of Leybold Pumps and Wesco Power Sag Protector. The Distribution Division also looked into exploring the Agriculture and Livestock industry by bringing in equipment from Draminski such as Portable Ultrasounds, Moisture Meters for grains and coffee from Poland. In addition to this, the Group also expanded on our semiconductor product offerings to include products from Wentworth Laboratories from United Kingdom and HiSol, Inc. from Japan.

Our Manufacturing Division will remain focused on developing products within our core competencies of automatic vision inspection and automated material handling equipment. For FY 2020, our Manufacturing Division will continue to put in more resources and effort into the development of our two new products which are the automatic post probing inspection (PPI Series) and automatic post dicing inspection (PDI Series) which was originally scheduled to be launched in FYE 2019 but has now been postponed to FY 2020.

#### (iv) Factors affecting business

The worldwide semiconductor industry experienced downturns which started towards the end of 2018. Capex investments by our customers were affected by the on-going USA-China trade negotiations which caused uncertainties and has now been further hit by the outbreak of Covid-19. We remain hopeful that our customers will embark on capex spending in the second half of 2020 and with our strong cash balance sheet, we are well positioned to overcome this and capture the recovery and upturn in future.

### Letter to Shareholders (Cont'd)

#### MARKET OUTLOOK AND FUTURE PROSPECT

As we move into the new decade, our expectations on the global economic growth may sink to all time low levels as the Covid-19 outbreak is foreseen to impact worldwide demand and supply, creates uncertainties and suspends business operations worldwide especially in the first half of 2020. Nevertheless, the management is conservatively optimistic that should the outbreak of Covid-19 subdue, there should be a possible up-tick in the second half of 2020 especially with the foreseeable recovery of the semiconductor, electrical and electronics industries. The long-term future of the global economy will depend on how these challenges are addressed. The Group's long-term business objectives are to generate sustainable earnings supported by positive cash flows, maintain a positive and healthy financial position and endeavour to pay a stable dividend to our shareholders.

#### ACKNOWLEDGEMENTS

On behalf of the Board of Directors, we would like to express our sincere appreciation and gratitude to our shareholders, the management and employees, for their dedicated work, commitment and loyalty. Finally, we would like to express our sincere gratitude to all our customers, suppliers, business associates, vendors, bankers and regulatory authorities for their continuous support and trust in QES.

Rest assured, we will continue to work together and forge ahead to achieve the highest growth and success for QES.

Adnan Bin Zainol Independent Non-Executive Chairman Chew Ne Weng Managing Director/President

Q≡S<sup>°</sup> • ANNUAL REPORT 2019 •

# **GROUP FINANCIAL HIGHLIGHTS**

Earnings before Interest, Taxes, Depreciation and Amortisation (RM'million)

Basic Earnings per Share (sen) Current Ratio (times)

# MANAGEMENT DISCUSSION AND ANALYSIS

#### FINANCIAL PERFORMANCE REVIEW

#### **Revenue and gross profit**

The Group recorded a lower revenue of RM 161.4 million in FYE 2019, representing a decrease of RM31.7 million or 16.4% as compared to FYE 2018. The decline of revenue from the Distribution Division and Manufacturing Division was mainly attributed by lower sales, due to the overall slowdown in the semiconductor industry worldwide.

The Group recorded a lower gross profit ("GP") of RM32.3 million, a 24.0% drop over last year's RM42.5 million primarily due to lower GP contribution by the Manufacturing Division, in tandem with its decline in revenue. Overall GP margin for the current financial year stood at 20.0% as compared to 22.0% in FYE 2018.

Geographically, Malaysia remains as the biggest revenue contributing country, at approximately 37.4% of our total revenue in FYE 2019. 57.2% of our revenue is derived from other ASEAN countries, and the remaining 5.4% is contributed by other countries. This well-balanced geographical composition shows the Group's diversity and strength of our core businesses in which there are no heavy reliance on a single country to drive the continuous growth of the Group.

#### **Operating expenses**

Administrative expenses decreased to RM15.8 million in FYE 2019 from RM16.0 million in FYE 2018 in the absence of listing expenses after our successful listing on 8 March 2018.

Marketing and distribution cost rose to RM7.3 million from RM7.0 million due to increase in marketing and exhibition activities across ASEAN countries and China.

Other operating expenses increased to 3.1% of our revenue in FYE 2019 compared to 1.5% in FYE 2018 on account of higher depreciation for right-of-use assets, an impact from the adoption of MFRS 16 Leases, coupled with the recognition of inventories written off and loss on foreign exchange. Our finance costs increased slightly mainly due to the recognition of interest expenses on lease liabilities in FYE 2019, an impact from the adoption of MFRS 16 Leases, despite the reduction in interest from bank borrowings.

#### **Profit before tax**

Our profit before tax ("PBT") reduced by 69.9% to RM5.6 million in FYE 2019 from RM18.6 million in FYE 2018 in line with the decline in our revenue and gross profit. Profit after tax further declined 75.4% to RM3.5 million in FYE 2019 from RM14.8 million in FYE 2018 in line with lower PBT.

The Group's effective tax rate in FYE 2019 was 38.3%. It is higher compared to 20.3% in FYE 2018 and statutory income tax rate of 24.0% mainly due to adjustments on certain non-deductible expenses.

# Management Discussion and Analysis (Cont'd)

#### FINANCIAL POSITIONS REVIEW

#### Non-current assets

The Group's total non-current assets increased by RM7.1 million, mainly due to the recognition of right-of-use ("ROU") assets of RM6.1 million as a result of MFRS 16 Leases adoption in FYE 2019. Notwithstanding the reclassification of RM2.5 million from property, plant and equipment ("PPE") to ROU assets and the disposal of demonstration equipment of RM0.5 million at net book value and total depreciation of RM2.2 million charged during FYE 2019, PPE had increased by RM4.0 million due to purchase of demonstration equipment and other office equipment and fittings. Deferred tax assets ("DTA") and intangible assets have also increased by RM 1.2 million and RM 1.0 million respectively. The increase in DTA is mainly due to the recognition of tax losses from the Manufacturing Division which suffered losses in the current financial year. DTA is recognised as the Group considers it probable that future taxable profits will be available against which it can be utilised. The increase in intangibles asset is due to capitalisation of cost for future product development incurred by manufacturing division.

#### **Current assets**

Total current assets for FYE 2019 stood at RM125.9 million, a decrease by RM10.3 million mainly attributable to a decrease in trade receivables of RM15.6 million as a result from the decrease in revenue for FYE 2019, and a decrease in both short-term investment of RM9.0 million and fixed deposits with financial institutions of RM1.8 million. The decrease was partially offset by the increase in inventories of RM4.4 million due to stock in place as at end of FYE 2019 pending deliveries and increase in other receivables and tax recoverable of RM1.0 million and RM1.4 million respectively. Cash and bank balances also increased by RM9.3 million mainly due to cash inflow from operating activities as explain in subsequent notes.

#### **Current and non-current liabilities**

The Group's non-current liabilities increased by RM2.8 million in FYE 2019. This is mainly due to recognition of non-current lease liabilities of RM4.2 million coupled with the classification of finance lease liabilities of RM1.6 million as a result of MFRS 16 Leases adoption in FYE 2019. Total current liabilities decreased by RM6.7 million in FYE 2019, mainly attributable to the decrease in trade payables of RM6.6 million as a result of decrease in trade purchase. Other payables have also decreased by RM2.8 million due to lower accrued expenses despite the increase in contract liabilities of RM3.3 million from down payments received from customers.

#### **Gearing ratios**

Our gearing ratio remained negative due to the Group is in net cash position at the end of FYE 2019 and FYE 2018.

#### LIQUIDITY AND CAPITAL RESERVES

The net cash outflow of the Group for FYE 2019 was RM5.9 million. This can be accounted by:-

- a) Cash inflow of RM8.0 million from operating activities;
- b) Cash outflow of RM3.3 million from investing activities; and
- c) Cash outflow of RM10.6 million for financing activities.

Cash inflow of RM8.0 million was mainly attributable to favourable outcome from operating activities in place during the year.

Cash outflow of RM3.3 million from investing activities was mainly attributable to the acquisition of property, plant and equipment of RM4.0 million and increase in intangible assets of RM1.1 million which was mitigated with the interest on income received amounting to RM1.4 million.

The dividend paid of RM3.3 million, decrease in trade facilities of RM5.6 million and repayment of lease liabilities of RM1.5 million constituted the main cash outflow of RM10.6 million for financing activities.

As at 31 December 2019, the Group's cash and cash equivalents stood at RM45.7 million.

#### **Operational and Financial Risks**

#### **Operational Risks**

The Group is in the process of implementing a new ERP system. This will enable our entire systems and processes to be digitalised so that information or data, concerning the Group will be captured on one platform to guide all our actions and decisions. Our ultimate objective is to create optimum operational efficiencies while enhancing the customer experience. This will enable us to minimize any prospect of loss resulting from inadequate information while implementing policies, procedures or systems in place.

The Group is actively and continuously pursuing new product and technology innovations to address the increasingly sophisticated needs of our customers. Our regular participation in local and overseas exhibitions provide opportunities for the Group to understand the latest market requirements and keep abreast of the current technological changes.

The Group will continue to strengthen its market position and expand its customer base by penetrating new market segments.

### Management Discussion and Analysis (Cont'd)

#### **Operational and Financial Risks (Cont'd)**

Financial Risks

#### Foreign exchange risk

The Group is exposed to fluctuations in foreign exchanges rates as a major part of our sales and purchases are transacted in foreign currencies. Our finance, purchasing and sales departments will coordinate our foreign currency sales and purchases to be in the same currency as much as possible to minimize our foreign currency exposure as a form of natural hedging. Should our exposure become substantial, the Group would consider hedging our position. However, there would remain risks arising from foreign exchange and any adverse fluctuations in the foreign exchange rates may have an adverse impact on the Group's revenue and earnings.

#### DIVIDEND

On 11 April 2019, the Directors declared an interim single tier dividend of 0.40 sen per ordinary share for the financial year ended 31 December 2019 amounting to RM3,033,232 which was paid on 24 May 2019.

The Board do not recommend any final dividend in respect of the current financial year.

# SUSTAINABILITY STATEMENT

QES strives to poise commercial focus with sustainability factors. Hence, we believe in striking a balance between achieving operational profitability whilst simultaneously focusing on the economic, environment and social ("EES") criteria as essential elements in enabling the Group to achieve success now as well as into the future. This Statement has been prepared in accordance with the Sustainability Reporting Guide and Toolkits, issued by Bursa Malaysia Securities Berhad.

This sustainability report outlines our endeavours throughout FYE 2019 in areas where our expertise and resources can make a positive impact. It provides details of our sustainability activities with respect to the following three core areas:

#### 1) ECONOMIC VALUES

#### - Constant Innovation

In the year under review, we continue our innovation journey in delivering greater customer experience through our innovative and cost-effective vision inspection solutions. This is to accommodate the trend towards automation and data exchange in manufacturing technologies and processes, also known as Industry 4.0 which will make it possible to gather and analyse data across machines and also enabling faster, more flexible and more efficient processes to produce higher-quality goods at reduced costs.

The new products from the Manufacturing Division includes the Molded Strip Optical Inspection System ("MPI3000") that allows for inspection of leadframe from the top and bottom as well. Another product that was launched is the Post Die Attach Inspection System ("PDA100K") which uses a simple yet effective loading/ unloading module to transfer the ceramic panels onto/from the inspection stage with precision control. This ensures a higher level of accuracy covering all possible defect detections on the die. The Group also launched a new Wafer Barcode Printing and Labelling System ("WID8000") which automates the placement of sticker labels on wafers. This reduces human errors as well as reduce cost.

During FYE 2019, the Distribution Division also diversified into the Agriculture & Livestock Industry. From our participation in AgriMalaysia 2019, the management realised that there is a significant gap in the existing product offerings catering for this industry. Hence, the Group made a decision to work together with Dramiński S.A., a Polish company considered a leader in the production of veterinary and medical ultrasound scanners.

#### - Effective Engagement with Stakeholders

The Group maintains an active online platform through its corporate website which provides current information on the Group, including any announcements, quarterly financial results, Group's performance and any other related information with the aim of fostering and maintaining good relations with various stakeholders of the Group.

The Group continually seek out new opportunities by building collaborative relationships, listening to the needs of our customers, and ultimately, maintaining and strengthening our relationships with key players and suppliers from different segments through active participations in local and international trade exhibitions. Here is a list of trade exhibitions that the Group participated in the FYE 2019:

| Event Name  | Date                    | Location                      |
|---|-------------------------|-------------------------------|
| SEMICON CHINA 2019  | 20th - 22nd Mar 2019    | SNIEC, Shanghai, China        |
| SEMICON SEA 2019  | 7th - 9th May 2019      | MITEC, Kuala Lumpur, Malaysia |
| MetalTech 2019  | 15th - 18th May 2019    | MITEC, Kuala Lumpur, Malaysia |
| PSECE 2019  | 30th May - 1st Jun 2019 | SMX CC, Manila, Phlippines    |
| Manufacturing Expo 2019   | 19th - 22nd Jun 2019    | BITEC, Bangkok, Thailand      |
| AGRI Malaysia 2019  | 26th - 28th Sep 2019    | SCCC, Klang, Malaysia         |
| LABASIA 2019  | 15th - 18th Oct 2019    | PWTC, Kuala Lumpur, Malaysia  |
| 15th CFAR Annual Forum - Council of<br>Failure Analysis and Reliability | 5th Nov 2019            | Acacia Hotel                  |
| Oil & Gas Vietnam (OGAV) 2019   | 13th - 15th Nov 2019    | Vung Tau City, Vietnam        |
| PIP0C 2019  | 19th - 21st Nov 2019    | KLCC, Kuala Lumpur, Malaysia  |
| Metalex 2019  | 20th - 23rd Nov 2019    | BITEC, Bangkok, Thailand      |

### Sustainability Statement (Cont'd)

#### 2) ENVIRONMENT FOOTPRINT

#### - Reduce, Reuse, Recycle & Rethink

Environmental sustainability forms an integral part of the Group's sustainability philosophy. We work to integrate the best sustainability practices across business operations to reduce adverse environmental impact on the ecosystem.

In our daily operations, the Group continues to be committed on recycling, energy-saving practices and undertaking measures to reduce wastage, pollution and harmful emissions. The Group is committed to improve resource efficiency and reduce our environmental impact by encouraging our employees: -

- To recycle old documents
- To distribute all memos via email
- To disseminate all company information such as handbooks, SOP, forms using internal electronic network
- To reuse delivery boxes when necessary
- To reuse shipping, packing material when necessary
- To switch off all electrical appliances when not in use

During the reporting period, there were no incidents of non-compliance and penalties pertaining to environmental-related issues. To maintain the highest standard of environmental compliance and to prevent future occurrence of incidence, the management will continue to review and improve current environmental management system and practices and ensure that all our activities and operations comply with existing regulatory requirements.

#### - E-Waste Management

The Group organized an e-waste collection drive in August 2019 to raise awareness on proper disposal of electronic wastages by encouraging our employees to recycle their old computers, printers, televisions, scanners, mobile phones and etc. We engaged an e-waste management company to dispose of these items safely for us. This e-waste collection drive yielded very positive response across the Group and we wish to continue this initiative in the following years.

Improper disposal system as well as rudimentary and uncontrolled processing methods of e-Waste often result in substantial harmful chemical exposures that could cause adverse health effects.

#### - Green Products

In promoting a green environment, the Group is heavily invested in extending the green initiatives by providing various types of analytical instrument that could help provide a quick screening of hazardous substances for highly sensitive trace elements such as heavy metals in water, soil, sludge and waste using Fluorescent X-ray Analysers and ICP Optical Emission Spectrophotometers.

The Group's effort to bring in these products to the ASEAN market helps us to support our customers to comply with environmental directives such as the Restriction on Hazardous Substances ("RoHS") and End of Life Vehicles Directive. The Group has been actively publicizing this information through various workshops organized in-house and through email marketing.

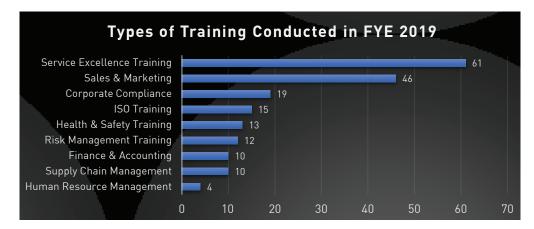

## Sustainability Statement (Cont'd)

#### 31 SOCIAL FACTORS

#### **Talent Training & Development Program**

We see our employees as one of our major stakeholders and we understand the value of investing in them as an important step to ensure continuous growth for the Group. Our support to our employees is extended not only to their career, but also to their personal development through trainings, workshops and non-work related activities organised by the management.

Various training and talent development programmes were conducted throughout 2019 to ingrain an ongoing learning culture in our team. We place great emphasis in ensuring that our workforce is professionally fulfilled and appropriately skilled, as this will ultimately translate to the long-term success of the Group. In FYE 2019, the Group conducted a total of 190 training both locally and overseas.

#### Number of Trainings Conducted in FYE 2019

#### **Occupational Health and Safety**

The Group's emphasis on employee's health and safety well-being can be witnessed through the establishment of our in-house Health and Safety Committee which comprises the: -

- Atomic Energy Licensing Board (AELB) Emergency Response Training Team
- **Emergency Response Team**
- Monthly Fire System Maintenance Team
- Health & Safety Team.

The aim of these teams is to ensure that the Group provides an accident-free workplace environment across our workstations to all our employees.

#### Staff Welfare

The Group place a great importance on all matters related to the well-being of our employees. The Group equally emphasize on maintaining a healthy work-life balance among our employees by organising weekly badminton and monthly futsal sessions. There are also monthly movie outings organised by the Group to encourage bonding sessions among the employees across departments as well. On top of that, we organise health screenings and seminars to promote healthy lifestyle habits.

The Board of Directors ("Board") of QES Group Berhad are pleased to present the Group's Corporate Governance ("CG") Overview Statement for the FYE 2019, which serves to provide shareholders and stakeholders with an understanding of the Group's commitment to CG and how the Group's practices support its ability to create long-term value for shareholders and stakeholders. Our CG Overview Statement are premised on Securities Commission Malaysia's Malaysian Code On Corporate Governance's three principles, namely Leadership and Effectiveness, Effective Audit and Risk Management, Integrity in Corporate Reporting and Meaningful Relationship with Stakeholders.

This CG Overview Statement is prepared in compliance with Bursa Malaysia Securities Berhad's ACE Market Listing Requirement ("AMLR"), and it is to be read together with the CG Report 2019 which is available on the Group's corporate website at www.qesnet.com.

#### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS

#### **SECTION I: BOARD RESPONSIBILITIES**

#### STRATEGIC AIMS, VALUES AND STANDARDS

The Board is responsible for leading the Group and is accountable to the shareholders and stakeholders to create long term sustainability within the Group. The Group's CG framework embeds the right values and standards throughout the Group.

In the Group, there are high levels of interaction between the Board to successfully formulate and implement the Group's business strategy. The Group's setting and review strategy is an integral part of matters reserved for the Board.

The Board will scrutinise the sustainability, effectiveness and implementation of the strategic plans for the financial year under review and provide guidance and input to the management.

In order to ensure orderly and effective discharge of the above functions and responsibilities, the Board has also delegated certain responsibilities to the following Board Committees.

The delegation of authority for Board Committees are stipulated in their respective Terms of Reference ("TOR(s)"). The Board Charter and TORs are reviewed periodically to ensure effective and efficient decision making in the Group.

The Board Committees also act as a reviewing committee, evaluating and recommending matters under their purview for the Board to consider and approve. The Board receives reports at its meetings from the Chairman of each Committee on current activities and it is the general policy of the Group that all major decisions shall be considered by the Board as a whole.

#### **THE CHAIRMAN**

Encik Adnan Bin Zainol ("Encik Adnan") was appointed as the Independent Non-Executive Chairman of the Group. Encik Adnan acts as a facilitator to the Board in ensuring the smooth functioning of the Board in the interest of good CG practice.

Encik Adnan works closely with the Executive Directors to plan meeting agendas to keep abreast of the latest market and Group developments. He also ensures that there is frequent interface between the Board and the Management and ensures that his key responsibilities as set out in the Board Charter are adhered to.

#### **CHAIRMAN AND THE MANAGING DIRECTOR**

The positions of the Chairman and the Managing Director of the Group are held by different individuals with clear and distinct roles which are formally documented in the Board Charter.

#### **QUALIFIED AND COMPETENT COMPANY SECRETARY**

The Board had appointed a qualified secretary who is a member of the Malaysian Institute of Accountants and is qualified to act as Company Secretary under Section 235[2] of the Companies Act, 2016. The Company Secretary is responsible to, amongst other, to provide sound governance advice, adherence to the laws and regulations, as well as directives issued by the regulatory authorities.

#### ACCESS TO INFORMATION AND ADVICE

The Chairman, with the assistance of the Group's Company Secretary, ensures appropriate information flows to the Board and Board Committees .

The Board received copies of meeting minutes of the Board and Board Committee meetings on a timely manner prior to the Board meetings to enable the Directors to discharge their duties and responsibilities competently and in a well-informed manner. The Key Management are also invited to attend the Board and Board Committees meetings, to brief and provide explanations to the Board on the operations of the Group.

#### **BOARD MEETINGS**

The Board intends to meet at least 4 times a year, with additional meetings convened where necessary. Minutes of Board meetings are duly recorded by the Company Secretary. During the FYE 2019, a total of 4 Board meetings were held.

To facilitate the Directors' time planning, an annual meeting calendar is prepared and circulated in advance. The calendar provides Directors with the schedule of all Board and Board Committees meetings, as well as closed periods for dealing in securities by Directors and Principal Officers based on the targeted dates of announcement of the Group's quarterly financial results.

The Directors' commitment in carrying out their duties and responsibilities are affirmed by their attendance at the Board and Board Committee Meetings held during the FYE 2019, as reflected below: -

|  | Attendance At Meetings of (Attended/Held) |      |     |     |
|--|---|------|-----|-----|
| Name of Director                                   | Board                                     | AC   | NC  | RC  |
| Adnan Bin Zainol                                   | 4/4                                       | 4/4  | 2/2 | 1/1 |
| Chew Ne Weng                                       | 4/4                                       | _    | -   | 1/1 |
| Liew Soo Keang                                     | 4/4                                       | -    | -   | -   |
| Chia Gek Liang                                     | 4/4                                       | 4/4  | 2/2 | 1/1 |
| Hoh Chee Mun                                       | 4/4                                       | 4/4  | 2/2 | 1/1 |
| Maznida Binti Mokhtar (Appointed on 1 August 2019) | 3/3*                                      | 3/3* | -   | -   |

\*Reflect the number of meetings held during the time the Committee member held office.

The Board is satisfied that each Director had devoted sufficient time to effectively discharge their responsibility.

#### **BOARD CHARTER**

The Board implemented its Board Charter on 11 October 2017. It sets out the roles, functions, composition, operation and processes of the Board and is to ensure all Board members acting on behalf of the Group are aware on their duties and responsibilities.

The Board will periodically review and update its Board Charter in accordance with the needs of the Group and to comply with new regulations that may have an impact on the discharge of the Board's responsibilities.

#### SUMMARY OF KEY BOARD RESERVED MATTERS

Approval of Financial Results and Budgets Business Continuity & Corporate Plan Acquisitions, Disposals and Transactions Exceeding the Authority Limit of the Executive Directors

Disposal or Acquisitions of Significant Fixed Assets or Companies within the Company

The Board Charter is available on the Group's corporate website at www.qesnet.com.

#### **CODE OF CONDUCT AND ETHICS**

The Board had established a Code of Conduct and Ethics for the Group on 20 March 2018, and together with the management, implemented its policies and procedures which governs, amongst others, dealings with customers and suppliers, managing conflicts of interest, maintaining confidential information, accepting gifts, loans and entertainment, accepting directorship outside the Group, complying with laws and regulations, ensuring a healthy and safe environment, protection and use of the Group's asset, insider information and securities trading and sexual harassment.

The Code of Conduct and Ethics is periodically reviewed and is available on the Group's corporate website at www. qesnet.com.

#### WHISTLEBLOWING POLICY

The Board had established the policies and procedures on whistleblowing for the Group on 20 March 2018. The Group's whistleblowing policies and procedures provide an avenue for all employees of the Group and members of the public to raise concerns or disclose any improper conduct within the Group and to take appropriate action to resolve them effectively.

The Whistleblowing Policy is periodically reviewed and is available on the Group's corporate website at www.qesnet.com.

#### **SECTION 2: BOARD COMPOSITION**

#### **COMPOSITION OF THE BOARD**

The Board has 6 members comprising 2 Executive Directors and 4 Independent Non-Executive Directors. The composition not only fulfils the requirements as set out under the AMLR of Bursa Securities which stipulates that at least 2 Directors or 1/3 of the Board, whichever is higher, must be independent and this composition also fulfils the MCCG Practice 4.1 which requires at least half of the Board to be Independent Directors.

The Group practices a division of responsibility between the Executive and Non-Executive Directors. The Executive Directors are responsible for the overall management of the Group, to oversee operations, and to coordinate the development, implementation of business and corporate strategies.

The presence of the Independent Non-Executive Directors assures an element of balance to the Board as they provide an independent view, advice and judgment to ensure that the interests of minority shareholders and the general public are given due consideration in the decision-making progress.

The Board is committed in ensuring that its composition not only reflects the diversity as recommended by the MCCG, as best as it can, but also has the right mix of skills and balance to contribute to the achievement of the Group's goals and missions.

For this purpose, a Board Competency Matrix has been developed and used as reference for the Board's succession planning. Presently, the members of the Board include professionals from diverse ethnicity and age, bringing with them depth, diversity of expertise, a wide range of experience and perspective in discharging their responsibilities by adding positive values to the Group. The profile of each Director is presented in pages 5 to 7 of this Annual Report 2019.

On 24 February 2020, the Board through the NC had conducted an assessment and review of the independence of the Independent Non-Executive Directors which were prepared in accordance with the definition of Independent Director under Rule 1.01 of the AMLR. The Board is satisfied that they are independent of management and free from any business or other relationship which could interfere with the exercise of their independent judgement or the ability to act in the best interests of the Group.

#### **GENDER DIVERSITY POLICY**

The Board takes note of the gender diversity recommendations under the MCCG and will continue to prioritise women candidates in future recruitment exercise.

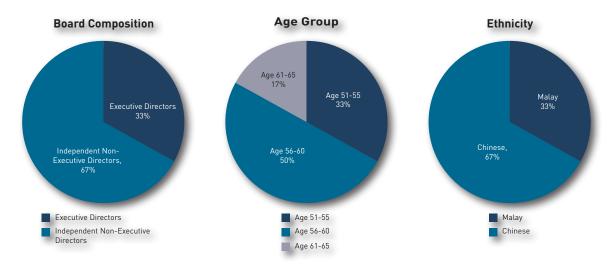

On 1 August 2019, Puan Maznida binti Mokhtar was appointed to the Board as an Independent Non-Executive Director.

The NC will continue to recommend appointments to the Board based on diversity measured against meritocracy and other objective criteria such as skills and experience the individual offers.

#### **TENURE OF INDEPENDENT DIRECTOR**

Currently, none of our Independent Non-Executive Directors had served the Group for a cumulative term of 9 years. The Group similarly did not adopt a policy which limits the tenure of our Independent Non-Executive Directors to a maximum of 9 years. Notwithstanding the recommendation of MCCG, the Board is presently of the view that there is no necessity to fix a maximum tenure limit for Directors as there are significant advantages to be gained from long service directors who possess in-depth insights to the Group's business and affairs. The ability of a Director to serve effectively as an Independent Non-Executive Director is very much dependent on his integrity and objectivity, and has no direct connection to his tenure as an Independent Non-Executive Director.

#### **NOMINATION COMMITTEE**

The NC was established on 11 October 2017. The primary objective of the NC is to ensure that the Board is comprised of individuals with an optimal mix of qualifications, skills and experience.

Meetings of the NC are held as and when necessary, and at least once a year.

The present composition of the NC consists of 3 members of the Board, all of whom are Independent Non-Executive Directors.

The Terms of Reference of the NC is available at the Group's corporate website at www.qesnet.com.

The NC's key responsibilities are: -

#### (a) Appointment of New Director

The chart below shows the procedures on appointment of new Director

The appointment of new Director to the Board is based on the recommendations of the NC.

The NC, in making a recommendation to the Board on the candidate as a new Board appointment, shall have regards to:

- Size, composition, diversity (including gender diversity) and other qualities of the existing Board, level of commitment, resources and time that the recommended candidate can contribute to the existing Board and the Group;
- (ii) The candidate's skills, knowledge, expertise and experience, professionalism, integrity and, in the case of a candidate for the position of Independent Non-Executive Director, the independence criteria as set out in Rule 1.01 of the AMLR; and
- (iii) The appropriate number of Independent Non-Executive Directors to fulfil the requirements under AMLR which requires at least 2 or 1/3 of the membership of the Board to be Independent Directors.

The final decision as to who shall be appointed as Director remains the responsibility of the full Board after considering the recommendation of the NC.

#### (b) Board Evaluation

The evaluation of the effectiveness of the Board, Board Committees as well as individual Directors including Independent Non-Executive Directors was conducted in-house under the purview of the NC and facilitated by the Company Secretary.

The evaluation criteria for the Board, Board Committees and individual Directors are primarily anchored on regulatory requirements and emerging best practices of MCCG as the method of evaluation.

The NC assesses the effectiveness of the Board and the Board Committees, as well as performance of the individual Directors on an annual basis. In addition to these annual assessments, the NC actively identifies the gaps in the Board composition as well as identify and select new members to the Board.

#### (c) Re-election of Directors

Director's re-election provides an opportunity for shareholders to renew their mandate conferred to the Directors.

The NC is responsible for making recommendation to the Board for the re-election of Directors who retire by rotation. Their recommendations are based on formal reviews on the performance of Directors, taking into consideration the Board Competency Matrix.

The Constitution of the Group provides the Constitution of the Group provides that all Directors shall retire by rotation once in every 3 years or at least 1/3 of the Board shall retire from office and be eligible to offer themselves for re-election at the Annual General Meeting.

Any Director appointed during the year is required under the Company's Constitution to retire and seek re-election by shareholders at the following Annual General Meeting immediately after his/her appointment.

#### **DIRECTORS TRAINING**

The training programmes attended by the Directors during the FYE 2019 are as follows:

| No. | Name                | Course Title   | Date (from) | Date (to)   | Training Provider                              |

#### **NC'S ACTIVITIES DURING THE FYE 2019**

Below is a summary of the activities undertaken by the NC for the FYE 2019: -

- (a) Assessed the overall Board and the Board Committees' performance and effectiveness as a whole;
- (b) Reviewed and assessed the independence of Independent Directors and their tenure of service;
- (c) Reviewed and assessed the term of office and performance of the AC and each of its members;
- (d) Reviewed the succession plan for the Board members;
- (e) Reviewed and assessed the performance, and made recommendations to the Board for its approval, regarding the Directors who are seeking for re-election at the upcoming AGM; and
- (f) Assessed Directors' training to ensure all Directors receive appropriate continuous training programmes.

#### SECTION 3: REMUNERATION

#### **REMUNERATION POLICY**

The Board has in place policies and procedures to ensure the remuneration of the Directors reflect their responsibilities and commitment undertaken by them and also to attract and retain right talent in the Board. The remuneration packages are regularly evaluated against the Group's performance and market related surveys.

#### **REMUNERATION COMMITTEE**

The RC was established on 11 October 2017.

The primary objective of the RC is to establish a documented, formal and transparent procedure for assessing and reviewing the remuneration packages of Executive Directors and Non-Executive Directors in order to ensure the remuneration of the Directors reflect their responsibility and commitment undertaken by them and also to attract and retain right talent in the Board to drive the Group's long term objectives.

Periodic reviews are performed by the RC on the remuneration structure to ensure that the compensation of the Non-Executive Directors is competitive, appropriate and aligned with prevalent market trends and practices. The reviews takes into account the level of responsibility undertaken by the Non-Executive Directors and the complexity of the Group's operations.

The Executive Directors remuneration are structured to link rewards to corporate and individual performance. The RC reviews the performance of the Executive Directors annually and submits their views and recommendations to the Board on any adjustments to the remuneration packages.

The present composition of the RC consists of 4 members of the Board, majority of whom are Independent Non-Executive Directors.

During the FYE 2019, the RC together with the assistance of the Group's GM of Human Resource and Admin reviewed and recommended the remuneration of Directors for FY 2020.

The TOR of the RC is available at the Group's corporate website at www.qesnet.com.

#### **DETAILS OF DIRECTORS REMUNERATION**

The details of the total remuneration of the Directors, in aggregate with categorisation into appropriate components for FYE 2019 are set out as follows:

| Directors               | # Fees<br>(RM) | Salaries<br>& *Other<br>emoluments<br>(RM) | Benefits-<br>in-kind<br>(RM) | Total<br>(RM) |
|-------------------------|----------------|--|------------------------------|---------------|
| The Company             |                |  |                              |               |
| Executive Directors     |                |  |                              |               |
| Chew Ne Weng            | -              | _  | _                            | -             |
| Liew Soo Keang          | -              | _  | _                            | -             |
| Non-Executive Directors |                |  |                              |               |
| Adnan Bin Zainol        | 48,000         | _  | _                            | 48,000        |

| Maznida Binti Mokhtar   | 20,000         | _  | _                            | 20,000        |

# The Director's fees are subject to the approval by the shareholders of the Group.

\* Other emoluments include bonuses and the Group's contributions to the Employees Provident Fund, Social Security and Employment Insurance System contributions.

#### PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT

#### **SECTION 1: AUDIT COMMITTEE**

The AC comprises of 4 Independent Non-Executive Directors. The AC is chaired by an Independent Non-Executive Director, Mr. Hoh Chee Mun. The TOR of the AC is available at the Group's corporate website at www.qesnet.com.

The AC is comprised of members who are financially literate and possess the appropriate level of expertise and experience.

#### **EXTERNAL AUDITORS**

Moore Stephens Associates PLT was appointed as the Group's External Auditors for the FYE 2019 to provide relevant and transparent reports to the shareholders. The AC met once during the FYE 2019 with the External Auditors without the presence of the Executive Directors and Management to discuss any key area or issues that require the attention of the AC. The External Auditors confirms that they are and have been independent throughout the conduct of audit engagement in accordance with the terms of all relevant professional and regulatory requirements. An annual assessment on the External Auditors was conducted in February 2020, the AC was satisfied with the performance of the External Auditors and had made recommendation to the Board for the External Auditors re-appointment for FYE 2020.

#### **INTERNAL AUDITOR**

Smart Focus Group Sdn. Bhd. is in-charge of the internal audit function and assists the AC in reviewing, evaluating and monitoring the effectiveness of the Group's governance, risk management and internal control process. The AC met once during the FYE 2019 with the Internal Auditor without the presence of the Executive Directors and Management to deliberate any key area or issues that requires the attention of the AC. An annual assessment on the performance of the Internal Auditor was also conducted by the AC in February 2020. Based on the annual evaluation conducted, the AC was satisfied with the performance of the Internal Auditor for the FYE 2019.

#### SECTION 2: RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK

The Board recognises its overall responsibility for the Group's systems of internal control and for reviewing the adequacy and integrity of those systems. In view of the limitations that are inherent in any systems of internal control, the systems of internal control are designed to manage risks within tolerable levels rather than eliminate the risk of failure to achieve business objectives. Hence, such system by its nature can only provide reasonable but not absolute assurance against material misstatement, error or losses.

The Board has established an ongoing process for identifying, evaluating and managing the significant risks faced, or potentially exposed to, by the Group in pursuing its business objectives. This process has been in place throughout the financial year and up to the date of approval of the Annual Report 2019. The adequacy and effectiveness of this process have been continually reviewed by the Board.

The Statement on Risk Management and Internal Control as set out in the Annual Report 2019 provides an overview on the state of risk management and internal controls within the Group.

#### PRINCIPLE C: INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

#### **SECTION 1: COMMUNICATION WITH STAKEHOLDERS**

The Board recognises the importance of maintaining transparency and accountability to its shareholders and to disseminate information on the Group's performance and any significant development on a timely manner.

The Board views the Annual General Meeting as the primary forum to communicate with shareholders while the Extraordinary General Meetings are held as and when required. The Group's corporate website, www.qesnet.com incorporates an Investor Relations section which provides all relevant information about the Group and is accessible by both the shareholders and the public.

#### **SECTION 2: CONDUCT OF GENERAL MEETING**

Shareholders will receive notices of Annual General Meetings, which are sent out at least 28 calendar days before the date of the Annual General Meeting. In addition, the Notice of Annual General Meeting or Extraordinary General Meeting will be advertised in the newspaper. The Board encourages shareholders to attend the forthcoming 6th Annual General Meeting and undertakes to answer all questions raised by the shareholders.

The proceedings of the Annual General Meeting includes a question and answer session in which the Chairman of the Annual General Meeting would invite shareholders to raise questions on the Group's Financial Statements and other items for adoption at the AGM, before putting a resolution to vote. The Chairman of the Annual General Meeting will ensure that sufficient opportunities are given for shareholders to raise issues relating to the affairs of the Group and that adequate responses are provided.

The results of all the resolutions set out in the Notice of Annual General Meeting will be announced on the same day via Bursa LINK, which is accessible on Bursa Securities' and the Group's corporate website at www.qesnet.com. The Board ensures that full information of the Directors who are retiring at the Annual General Meeting and willing to serve if re-elected are disclosed in the Annual Report 2019.

An explanatory note facilitating full understanding and evaluation of issues involved in the proposed resolutions accompanying each item of Special Business is included in the Notice of Annual General Meeting.

#### **CORPORATE WEBSITE**

The Group maintain a comprehensive and up to date website which includes an Investor Relation Section and complete contact details and information. Regular news, announcements and other relevant information are also posted on the website.

#### DIRECTORS' RESPONSIBILITY STATEMENT

The Directors of the Group are responsible for the preparation of the Group and of the Company's financial statements to ensure a true and fair view is presented in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act, 2016 in Malaysia. The Directors are also responsible for the internal control as the Directors deem necessary, to ensure that the preparation of financial statements of the Group and of the Company are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the Directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group and the Company or to cease operations, or have no realistic alternative but to do so.

#### **COMPLIANCE STATEMENT**

The Board has deliberated, reviewed and approved this Corporate Governance Overview Statement. The Board considered that the Corporate Governance Overview Statement provides the information necessary to enable shareholders of the Group to evaluate how the principles and best practices as set out in the MCCG have been complied with since the Group's listing on 8 March 2018. The Board shall remain committed to attaining the highest possible standards through the continuous adoption of the principles and best practices of the MCCG and all other applicable laws and regulations.

This Corporate Governance Overview Statement was approved by the Board of Directors of QES on 18 May 2020.

# ADDITIONAL COMPLIANCE INFORMATION

# OTHER INFORMATION REQUIRED BY BURSA MALAYSIA SECURITIES BERHAD - ACE MARKET LISTING REQUIREMENTS

### UTILISATION OF PROCEEDS FROM CORPORATE EXERCISE

In conjunction with its listing on the ACE Market of Bursa Malaysia Securities Berhad, the Company issued its prospectus on the 8 February 2018 and undertook a public issue of 151,661,000 new ordinary shares at an issue price of RM0.19 per ordinary share, raising gross proceeds of RM28.82 million ("IPO Proceeds").

On 28 February 2020, the Company announced its intention to vary the utilisation of the IPO proceeds. The details of the variations of the utilisation are set out below:

| No. | Details of utilisation   | <sup>(i)</sup> IPO<br>Proceeds<br>raised<br>RM'000 | Actual<br>utilisation<br>RM'000 | Balance<br>of IPO<br>Proceeds<br>unutilised<br>RM'000 | Variations<br>of the IPO<br>Proceeds<br>utilisation<br>RM'000 | After<br>Variations<br>of the IPO<br>Proceeds<br>utilisation<br>RM'000 | Expected<br>timeframe for<br>utilisation of<br>proceeds from<br>8 March 2018 | Revised<br>expected<br>timeframe for<br>utilisation of<br>proceeds |
|-----|--|--|---------------------------------|---|---|--|--|--|
| (a) | Development of 3 key<br>products <sup>(ii)</sup><br>- Fully automated<br>vision inspection<br>system (FAVIS) | 2,250  | 2,156                           | 94  | <sup>(ii)</sup> 1,980   | 2,074  | Within 24<br>months  | <sup>(iii)</sup> Within 36<br>months from 8<br>March 2018          |
|     | - Automatic wafer<br>packing system<br>(AWPS)  | 1,350  | 620                             | 730   | <sup>(ii)</sup> (730)   | -  |  |  |
|     | - Automatic wafer<br>identification<br>(AWID)  | 1,250  | -                               | 1,250   | <sup>(ii)</sup> (1,250)                                       | -  |  |  |
| (b) | General working<br>capital requirements  | 3,250  | 2,727                           | 523   | -   | 523  | Within 24<br>months  | <sup>(iv)</sup> Within 36<br>months from 8<br>March 2018           |
| (c) | Repayment of bank<br>borrowings  | 7,000  | 7,000                           | -   | <sup>(v)</sup> 3,200  | 3,200  | Within 3<br>months   | <sup>(v)</sup> Within 3<br>months from 28<br>February 2020         |
| (d) | Capital expenditure  | 10,716   | 5,975                           | 4,741   | <sup>(v)</sup> (3,200)  | 1,541  | Within 24<br>months  | <sup>(iv)</sup> Within 36<br>months from 8<br>March 2018           |
| (e) | Estimated listing<br>expenses  | 3,000  | 3,000                           | -   | _   | -  | Within 1<br>month  | No change  |
|     |  | 28,816   | 21,478                          | 7,338   | -   | 7,338  |  |  |

### Notes:

- (i) As disclosed in QES prospectus dated 8 February 2018.
- (ii) The excess amount of RM0.73 million and RM1.25 million budgeted for AWPS and AWID respectively is reallocated to FAVIS as the earlier allocation for FAVIS was insufficient and the market demand for FAVIS equipment is higher than AWPS and AWID.
- (iii) The period of utilisation of IPO Proceeds for the development of 3 key products to be extended to within 36 months from the date of listing as the Company requires additional time for the software engineering resources to complete the development for FAVIS equipment series.

### Additional Compliance Information (Cont'd)

#### Notes: (Cont'd)

- (iv) The period of utilisation of IPO Proceeds for general working capital requirements and capital expenditure to be extended to within 36 months from the date of listing to address the slowdown of current market condition.
- (v) RM3.20 million is reallocated from capital expenditure to repayment of bank borrowings to reduce QES Group's bank overdrafts and revolving loan. The Group does not need to incur the planned capital expenditure at the moment due to the slower economic growth which impacted the manufacturing activity and global trade in 2019. As such, the Group proposes to reallocate the amount to repayment of bank borrowings. As at financial year ended 2019, QES Group's total bank overdrafts and revolving loan amount to RM4.75 million and RM0.80 million respectively. The expected total annual interest savings is approximately RM0.26 million based on the interest rate of 8.20% per annum for bank overdrafts and 8.30% for revolving loan.

#### Audit and Non-Audit Fees

The amount of audit and non-audit fees paid/payable to the External Auditors for the services rendered to the Group and the Company for the financial year ended 31 December 2019 are as follows:-

|                            | Group<br>RM'000 | Company<br>RM'000 |
|----------------------------|-----------------|-------------------|
| Audit fee<br>Non-audit fee | 278<br>11       | 35<br>11          |
|                            | 289             | 46                |

#### **Material Contracts**

There were no material contracts entered into by the Group involving Directors' and major shareholders' interests which were still subsisting as at the end of the financial year or which were entered into since the end of the previous financial year.

#### **Employee Share Option Scheme**

The Employees' Share Option Scheme of the Company ("ESOS") was established and implemented on 1 July 2019 and the ESOS is governed by its ESOS By-Laws approved by the shareholders at an Extraordinary General Meeting held on 25 June 2019.

The ESOS became effective for a period of five (5) years from 1 July 2019 in accordance with the terms of the ESOS By-Laws.

Further details of ESOS during the financial year ended 31 December 2019 are set out in page 133 of this Annual Report.

# STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

### INTRODUCTION

The Malaysian Code on Corporate Governance requires listed companies to maintain a sound system of internal control to safeguard shareholders' investments and the Group's assets. Paragraph 15.26(b) of the Listing Requirements requires the Board of Directors ("Board") of listed companies to include a statement in their Annual Reports on the state of their internal controls. Set out below is the Board's Risk Management and Internal Control Statement.

### **BOARD RESPONSIBILITY**

The Board is committed to ensure the existence of an appropriate risk management framework and sound, efficient and effective system of internal control to safeguard shareholders' investment and the Group's assets. The system is designed to provide reasonable assurance of effective operations and compliance with laws and regulations. The Board ensures the effectiveness of the system through periodic reviews. As there are limitations that are inherent in any system of internal control, this system is designed to manage rather than eliminate risks that may impede the achievement of the Group's business objectives. Accordingly, it can only provide reasonable but not absolute assurance against material misstatement or loss. The system of internal control covers, inter alia, financial, operational and compliance controls and risk management procedures.

### **CONTROL ENVIRONMENT**

The Group has an organisation structure that is aligned to business requirements. The internal control mechanism is embedded in the various work processes at appropriate levels in the Group. The Board is accountable for ensuring the existence and effectiveness of internal control and provides leadership and direction to senior management on the manner the Group controls its businesses, the state of internal control and its activities. In developing the internal control systems, consideration is given to the overall control environment of the Group, assessment of financial and operational risks and an effective monitoring mechanism.

### **INTERNAL AUDIT**

The Board is fully aware of the importance of the internal audit function and has engaged an independent professional firm to provide independent assurance to the Board and Audit Committee in providing an independent assessment on the adequacy, efficiency and effectiveness of the Group's internal control system.

The internal audit firm adopts a risk-based approach and prepares its audit plan based on the risk profiles from the risk assessment of the business units of the Group. Scheduled internal audits are carried out based on the annual audit plan approved by the Audit Committee. On a quarterly basis the internal audit firm presents to the Audit Committee with the internal audit reports.

During the year under review, internal audit reviews were carried out by the Internal Audit team to address the related internal control weaknesses. Significant weaknesses identified during the reviews together with the improvement measures to strengthen the internal controls were reported accordingly.

The main elements in the system of internal control framework included:

- An organisational structure in the Group with formally defined lines of responsibility and delegation of authority;
- Documentation of written policies and procedures for certain key operational areas;
- Quarterly review of financial results by the Audit Committee and the Board;
- Active participation and involvement by the Managing Director and the Executive Director in the day-to-day running of the major businesses and regular discussions with the Key Management of smaller business units on operational issues;
- Review of internal audit reports and findings by the Audit Committee; and
- Monthly review of Group management accounts by Managing Director, Executive Director and Key Management and
- External audit review on the financial segment.

# Statement on Risk Management and Internal Control (Cont'd)

The internal audit also periodically reports on the activities performed, key strategic and control issues observed by the internal audit firm to the Audit Committee in order to preserve its independence. The Audit Committee reviews and approves the internal audit plan and human resources requirements to ensure the function maintains an adequate number of internal auditors with sufficient knowledge, skills and experience.

The internal audit in its current practices, complies with the Committee of Sponsoring Organizations of the Treadway Commission (COSO – USA Standard) and The Criteria of Control Board (COCO - Canadian Standard)'s Internal Controls – Integrated Framework. Using this framework, all internal control assessments performed by the internal auditors are based on the internal control elements, scope and coverage. The internal auditors continues to adopt the risk-based audit plan to ensure the programmes carried out are prioritised based on the Group's key risks and core or priority areas. Input from various sources inclusive of the Enterprise Risk Management Framework, business plan, past audit issues, external auditors, management and Board are gathered, assessed and prioritised to derive the annual audit plan.

In 2019, either full audit or follow-up audit reviews were conducted in various areas involving Operations, Information Technology, Finance, Procurement, Human Resources, Research and Development. There were ten (10) reports issued, five (5) Internal Audit and five (5) Risk Management profiling reports. Internal Audit reviews were conducted to establish the state of internal control on various operations within the Group namely in Kuala Lumpur (HQ), Singapore, Penang, Indonesia and Thailand based on the information provided by the management.

The following areas were covered in the Internal Audit coverage during 2019:

- Finance & Accounts
- Human Resource & Admin
- Purchasing
- Information Technology
- Logistics
- Distribution
- Sales and Marketing
- IT Security management
- Service Department

All reports from the internal audit reviews carried out were submitted and presented to the Audit Committee with the feedback and agreed corrective actions to be undertaken by the management. The internal audit firm is committed to equip the internal auditors with sufficient knowledge, skills and competencies to discharge their duties and responsibilities.

### **QUALITY ASSURANCE**

The internal audit firm develops and maintains a quality assurance that covers all aspects of internal audit activities. The quality assurance programme assesses the effectiveness of internal audit processes and identifies opportunities for improvement via both internal and external assessment. It has its own peer reviewer mechanism to ensure consistently good quality output of every audit engagement. The team leader is well experience to manage the internal audit assignments.

### **INFORMATION AND COMMUNICATION**

While the management has full responsibility in ensuring the effectiveness of internal control, which it establishes, the Board has the authority to assess the state of internal control as it deems necessary. In doing so, the Board has the right to enquire information and clarification from the management as well as to seek inputs from the Audit Committee, external and internal auditors, and other experts at the expense of the Group.

### Statement on Risk Management and Internal Control (Cont'd)

### **RISK MANAGEMENT**

The Board has an established ongoing process for identifying, evaluating and managing the significant risks encountered by the Group in accordance to the Guidance for Directors of Public Listed Companies on Statement on Risk Management and Internal Control. Risk management is an integral part of the business operations and this process goes through a review process by the Board. Discussions have been conducted during the year involving different levels of managements to identify and address risks faced by the Group. These risks were summarized and included in the Group's risk management report. The Group has an ongoing process for identifying, evaluating and managing the significant risks faced by the Group throughout the financial year under review and up to the date of approval of this statement for inclusion in the annual report by the management. This is to ensure that all high risks are adequately addressed at various levels within the Group.

The Board regards risk management as an integral part of the Group's business operations and has oversight over this critical area through the Audit Committee. The Audit Committee, supported by the Internal Auditor, provides an independent assessment of the effectiveness of the Group's Enterprise Risk Management ("ERM") framework and reports to the Board. The Group's ERM framework is consistent with the ERM framework and involves systematically identifying, analysing, measuring, monitoring and reporting on the risks that may affect the achievement of its business objectives. This framework helps to reduce the uncertainties surrounding the Group's internal and external environment, thus allowing it to maximise opportunities and minimise adverse incidences that may arise. The major risks to which the Group is exposed to are strategic, operational, regulatory, financial, market, technological, products and reputational risks.

The ERM process is based on the following principles:

- Consider and manage risks enterprise-wide;
- Integrate risk management into business activities;
- Manage risk in accordance with the Risk Management framework;
- Tailor responses to business circumstances; and
- Communicate risks and responses to management

All identified risks are displayed on a 1 to 3 risk matrix based on their risk ranking to assist the management in prioritising their efforts and appropriately managing the different classes of risks. The Board and management drive a pro-active risk management culture and regular risk awareness and coaching sessions are held to ensure that the Group's employees have a good understanding and application of risk management principles. There is no dedicated ERM department, however the Managing Director and Head of Finance who work closely with the Group's operational managers to continuously strengthen the risk management initiatives within the Group so that they respond effectively to the constantly changing business environment.

The Board recognises the importance of ERM in enhancing shareholders' value while upholding a high standard of corporate governance. Combining a strong and sustained commitment from the Board and Key Management with a clear direction and oversight from all levels of leadership, the Group embraces a holistic risk management approach to achieve its business targets with minimal surprises.

Risk management policies and practices form part of our overall strategies to chart positive growth in today's rapidly evolving business environment. The Board continues to ensure that risk management is effectively institutionalised and its risk maturity level is elevated. This is achieved via a multitude of ERM initiatives clustered into key strategic areas, as part of the Group's efforts to ensure smooth ERM practice on the ground coupled with continuous tracking and monitoring of risks and controls. It also strengthens its risk culture and practice, harmonise its risks and risk appetites at the operational level wherever possible.

# Statement on Risk Management and Internal Control (Cont'd)

### **RISK STRUCTURE/ACCOUNTABILITY AND RESPONSIBILITY**

Further improving our risk governance, ERM structures have been established at each department and subsidiary. The aim is for a risk culture to be internalised through risk ownership and to drive ERM implementation at the functional level. ERM Resource Persons also known as Head of Department / Risk Coordinators, are appointed at each business unit, and act as the single point of contact to liaise directly with the Head of Finance in matters relating to ERM, including the submission of reports on a periodic basis. In addition, they are responsible for assisting their Heads of Department to manage and administer the business units' risk portfolios, which include arranging, organising and coordinating ERM programmes.

### ASSURANCE FROM THE MANAGEMENT

As evidenced from the various activities mentioned above, the Board has obtained reasonable assurance from the Managing Director, Head of Finance, and other Department Heads that the Group's risk management and internal control system are operating adequately and effectively, in all material aspects, based on the risk management model adopted by the Group.

### CONCLUSION

Pursuant to Paragraph 15.23 of the Listing Requirements, the External Auditors have reviewed this Statement on Risk Management and Internal Control for inclusion in the Annual Report of the Group for FYE 2019 and reported to the Board that nothing has come to their attention that causes them to believe that this statement is inconsistent with their understanding of the process adopted by the Board in reviewing the adequacy and integrity of the system of internal control.

The Board is pleased to report that there were no major internal control weaknesses identified during the year, nor have any of the reported weaknesses resulted in material losses or contingencies requiring disclosure in the Group's Annual Report. The Board is of the view that the existing system of the internal control is adequate. Nevertheless, the management continues to take measures to strengthen the control environment. This statement is based on the consideration of the audit work performed by both the External Auditors and the Internal Auditors on financial and non-financial matters.

# **AUDIT COMMITTEE REPORT**

The Audit Committee ("AC") was established on 11 October 2017 with the primary objective to provide additional assurance to the Board of the Company by giving an objective and independent review of the financial, operational, administrative controls and procedures, establish and maintain internal controls, reinforce the independence of the Group's External Auditors, evaluate the quality of the Internal Auditors and oversee compliance with laws and regulations together with observance of a proper code of conduct.

### 1. COMPOSITION OF THE AUDIT COMMITTEE

The AC comprises of 4 members, all of whom are Independent Non-Executive Directors. This is in line with the listing requirement of Bursa Malaysia Securities Berhad ("Bursa Securities") and the Malaysian Code of Corporate Governance, which stipulates that the composition of AC must be composed of not fewer than 3 members and all the AC members must be non-executive with a majority of them being independent directors.

The AC Chairman is a member of the Malaysian Institute of Accountants and Malaysian Institute of Certified Public Accountants, which is in compliance with Rule 15.09(1)(c)(i) of the ACE Market Listing Requirements.

### 2. COMMITTEE MEETINGS

The AC met 4 times for FYE 2019. The details of the AC's meetings held for the financial year are as follows:-

| Name D                                   | Designation                            | Membership   | Appointment<br>Date  | Attendance<br>/ Held      |
|--|--|--|--|---------------------------|

\* Reflects the number of meetings held during the time the AC member held office.

Mr. Chew Ne Weng (Managing Director) and Mr. Liew Soo Keang (Executive Director) are permanent invitees and attend the AC meeting to brief and provide clarification to the AC on their areas of responsibility.

### 3. SUMMARY OF ACTIVITIES

### **FINANCIAL REPORTING**

- (a) Reviewed the unaudited quarterly financial results and announcements of the Group, and recommended them to be submitted for approval by the Board, to release to Bursa Malaysia Securities Berhad ("Bursa Securities") accordingly;
- (b) Reviewed any related party transactions and conflict of interest situations that may arise within the Group during the FYE 2019;
- (c) Reviewed the audited financial statements for the FYE 2019; and
- (d) Reviewed the Corporate Governance Overview Statement, Corporate Governance Report 2019 and Statement on Risk Management and Internal Control to ensure compliance with the ACE Market Listing Requirements of Bursa Securities and recommend to the Board for inclusion in the Annual Report 2019.

### Audit Committee Report (Cont'd)

### **EXTERNAL AUDIT**

- (a) During the FYE 2019, the AC reviewed the External Auditor, Moore Stephens Associates PLT ("MSA") presentation which were as follows: -
  - (i) Audit Planning Memorandum which outlined its engagement team, audit approach, audit timeline, the areas of audit emphasis, and their focus on Key Audit Matters with reference to the International Standard on Auditing 701; and
  - (ii) Audit and Risk Management and Closing Presentation for the FYE 2019 which update the current status of the audit, highlights and explains the disposition of the salient accounting and audit issues, the Key Audit Matters identified during the audit, any significant deficiencies in internal control and highlighted MSA's assessment of the risks or material misstatements and communicate with the Audit Committee on other matters required under ISA 260 Communication with those charged with Government.
- (b) Scrutinised potential Key Audit Matters raised by the External Auditors and ensured that adequate work had been done to support the audit conclusions and overall impact on the financial statements.

The Key Audit Matters vetted by the AC were:-

- (i) Impairment review of development cost; and
- (ii) Impairment review of goodwill.
- (c) The AC had undertaken an annual assessment of the suitability and independence of the External Auditor and based on the results of the assessment, the AC is satisfied with the suitability of MSA to be reappointed as External Auditors of the Company and had made recommendation to the Board for the External Auditors re-appointment.
- (d) Discussed with the External Auditor on updates or in relation to the new proposed changes in accounting standards, regulatory requirements and considered the implications to the financial statements of the new Financial Reporting System.
- (e) The AC met with the External Auditors without the presence of the Executive Directors and management on 21 November 2019 to discuss audit findings and assistance given by the management. There were no major concerns raised by the External Auditor during the session.

### **INTERNAL AUDIT FUNCTION**

The Group outsourced its internal audit function to an independent consulting firm, Smart Focus Group Sdn. Bhd. which reports directly to the Audit Committee. The internal audit function is to ensure a regular review of the adequacy and integrity of the Group's system of internal control, risk management process and compliance with the Group's established policies and procedures to provide reasonable assurance that such systems continue to operate satisfactorily and effectively within the Group. The Internal Auditor undertakes the internal audit function based on the audit plan that is reviewed and approved by the Audit Committee.

### Audit Committee Report (Cont'd)

During the FYE 2019, the Internal Auditors conducted the followings:-

| Date             | Report   |
|------------------|--|
| 26 August 2019   | Internal Audit Review on PT. QES Indonesia   |
| 21 November 2019 | <ul> <li>a) Internal Audit Follow up Review on QES (Asia-Pacific) Sdn. Bhd.;</li> <li>b) Internal Audit Follow up Review on QES (Singapore) Pte. Ltd;</li> <li>c) Internal Audit Follow up Review on QES (Thailand) Co. Ltd.;and</li> <li>d) Presented the Internal Audit Plan for the FYE 2019</li> </ul> |
| 24 February 2020 | <ul> <li>a) Internal Audit Review on QES (Intra Pacific) Sdn Bhd – Kulim; and</li> <li>b) Enterprise Risk Management Report (Strategic and Operation) - 5 Reports Group<br/>and Subsidiaries.</li> </ul>   |

The final audit reports containing findings and recommendations together with management's responses thereto were reviewed by the Audit Committee and discussed at AC Meetings. Areas of improvement identified and timelines for the outstanding matters to be resolved were communicated to the management for further actions. Follow up reviews would subsequently be performed to ascertain the extent of implementation of the recommended corrective actions for improvements.

The AC met with the Internal Auditor on 21 November 2019 in the absence of the Executive Directors and management to discuss audit issues and reservations arising from the internal audit cycles. There were no major concerns raised by the Internal Auditor during the private session.

The cost incurred for the internal audit function in respect of the FYE 2019 was RM25,000.

| - Adnan Bin Zainol               | 40,000                   | -              | _             | 40,000                   |
| - Chia Gek Liang                 | 40,000                   | -              | -             | 40,000                   |
| - Hoh Chee Mun                   | 90,000                   | -              | -             | 90,000                   |

By virtue of their interest in the Company, Mr Chew Ne Weng and Mr Liew Soo Keang are deemed to be interested in the Company and its subsidiaries, to the extent of their interests in the Company.

The other Directors in the office at the end of the financial year had no interest in the shares of the Company or of its related corporations during the financial year.

### Directors' Report (Cont'd)

### DIRECTORS' REMUNERATION BENEFITS

The amount of fees and other benefits paid to or receivable by the Directors or past Directors of the Company and the estimated monetary value of any other benefits received or receivable by them otherwise than in cash from the Company and its subsidiaries for their services to the Company and its subsidiaries were as follows:

|  | Company<br>RM'000 | Subsidiaries<br>RM'000 |
|--|-------------------|------------------------|
| Salaries, bonus and allowances               | -                 | 3,955                  |
| Fees   | 164               | 199                    |
| Defined contribution plan                    | -                 | 714                    |
| Social security contributions                | -                 | 13                     |
| Estimated monetary value of benefits-in-kind | -                 | 129                    |
| Others                                       | -                 | 532                    |
| Total fees and other benefits                | 164               | 5,542                  |

Since the end of the previous financial year, no Director of the Company has received nor become entitled to receive any benefit (other than Directors' emoluments received or due and receivable as disclosed in the financial statements) by reason of a contract made by the Company or a related corporations with the Director or with a firm of which the Director is a member, or with a company in which the Director has a substantial financial interest, other than as disclosed in Note 32 to the financial statements.

There were no arrangements during or at the end of the financial year which had the object of enabling Directors of the Company to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

### **OTHER STATUTORY INFORMATION**

- (a) Before the financial statements of the Group and of the Company were made out, the Directors took reasonable steps:
  - to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of provision for doubtful debts and satisfied themselves that all known bad debts had been written off and that adequate provision had been made for doubtful debts; and
  - (ii) to ensure that any current assets which were unlikely to be realised in the ordinary course of business including their value as shown in the accounting records of the Group and of the Company have been written down to an amount which they might be expected so to realise.
- (b) At the date of this report, the Directors are not aware of any circumstances:
  - (i) which would render the amount of written off for bad debts or the amount of the provision for doubtful debts inadequate to any substantial extent;
  - (ii) which would render the values attributed to current assets in the financial statements of the Group and of the Company misleading;
  - (iii) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate; or
  - (iv) not otherwise dealt with in the report or financial statements which would render any amount stated in the financial statements misleading.

### Directors' Report (Cont'd)

### OTHER STATUTORY INFORMATION (CONT'D)

- (c) At the date of this report, there does not exist:
  - (i) any charge on the assets of the Group and of the Company which has arisen since the end of the financial year which secures the liabilities of any other person; or
  - (ii) any contingent liability of the Group and of the Company which has arisen since the end of the financial year.
- (d) In the opinion of the Directors:
  - (i) no contingent or other liability has become enforceable, or likely to become enforceable, within the period of twelve months after the end of the financial year, which will or may affect the ability of the Group and of the Company to meet their obligations as and when they fall due;
  - (ii) the results of the operations of the Group and of the Company during the financial year have not been substantially affected by any item, transaction or event of a material and unusual nature; and
  - (iii) no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of the operations of the Group and of the Company for the financial year in which this report is made.
- (e) The total amount paid to or receivable by the auditors as remuneration for their services as auditors for the financial year from the Company and its subsidiaries are RM46,000 and RM243,000 respectively.
- (f) There was no amount paid to or receivable by any third party in respect of the services provided to the Company or any of its subsidiaries by any Director or past Director of the Company.
- (g) There was no indemnity given to or insurance effected for any Director, officer or auditor of the Company.

### SIGNIFICANT EVENT DURING THE FINANCIAL YEAR

Details of significant event during the financial year is disclosed in Note 38 to the financial statements.

### SUBSEQUENT EVENT AFTER THE FINANCIAL YEAR

Details of subsequent event after the financial year is disclosed in Note 39 to the financial statements.

### AUDITORS

The auditors, Messrs. Moore Stephens Associates PLT, have expressed their willingness to continue in the office.

Approved and signed on behalf of the Board in accordance with a resolution of the Directors dated 12 May 2020.

I, Yeoh Cheong Yeow, being the officer primarily responsible for the financial management of the Company, do solemnly and sincerely declare that the financial statements as set out on pages 55 to 134 are to the best of my knowledge and belief, correct and I make this solemn declaration conscientiously believing the same to be true and by virtue of the provisions of the Statutory Declarations Act, 1960.

Subscribed and solemnly declared by the abovenamed at Kuala Lumpur in the Federal Territory on 12 May 2020.

**YEOH CHEONG YEOW** 

Before me, TAN KIM CHOOI W661 Commissioner of Oaths

# **INDEPENDENT AUDITORS' REPORT**

To the Members of QES Group Berhad

### **REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS**

#### Opinion

We have audited the financial statements of QES Group Berhad, which comprise the statements of financial position as at 31 December 2019 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the year then ended and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 55 to 134.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2019, and of their financial performance and their cash flows for the year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

#### **Basis for Opinion**

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the "Auditors' Responsibilities for the Audit of the Financial Statements" section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and IESBA Code.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of the most significance in our audit of the financial statements of the Group and of the Company for the current year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

### Impairment review of goodwill

As at 31 December 2019, as disclosed in Note 12 to the financial statements, the total carrying amount of goodwill recorded in the Group amounted to RM3,381,000. The Group is required to perform an annual impairment review on the goodwill which arose from the Group's acquisition of a subsidiary.

The Group determined the recoverable amount of the goodwill based on value-in-use ("VIU") method using discounted cash flow projections from approved financial budgets covering a four years period.

We have identified the impairment review of goodwill as a key audit matter as the impairment test involves significant management judgement in estimating the underlying assumptions to be applied in the discounted cash flow projections in arriving at the recoverable amount.

### Key Audit Matters (Cont'd)

### Impairment review of goodwill (Cont'd)

### Our audit procedures performed and responses thereon

We have performed the following audit procedures to evaluate management's methodology and assumptions used in their impairment review: -

- Reviewed the cash flow projections covering a period of 4 years;
- Evaluated and challenged the appropriateness and reasonableness of the assumptions applied to key inputs such as profit margin, future revenue and discount rate applied, which included comparing these inputs with externally derived data as well as our own assessments based on our knowledge of the client and the industry;
- Tested the mathematical accuracy of the cash flow projections; and
- Performed sensitivity analysis for a range of reasonably possible scenarios.

### Impairment review of development costs

As at 31 December 2019, as disclosed in Note 12 to the financial statements, the total carrying amount of development costs recorded in the Group amounted to RM3,167,000. These development costs are attributed to the manufacturing division, which experienced unfavourable results during the financial year, and thus giving rise to indications of impairment.

Accordingly, the Group had carried an impairment review on these assets and determined the recoverable amounts based on value-in-use ("VIU") method using discounted cash flow projections from approved financial budgets over a five years period.

We have identified the impairment review of development costs as a key audit matter as the impairment test involves significant management judgement in estimating the underlying assumptions to be applied in the discounted cash flow projections in arriving at the recoverable amount.

### Our audit procedures performed and responses thereon

We have performed the following audit procedures to evaluate management's methodology and assumptions used in their impairment review: -

- Reviewed the cash flow projections covering a period of 5 years;
- Evaluated and challenged the appropriateness and reasonableness of the assumptions applied to key inputs such as profit margin, future revenue and discount rate applied, which included comparing these inputs with externally derived data as well as our own assessments based on our knowledge of the client and the industry;
- Tested the mathematical accuracy of the cash flow projections; and
- Performed sensitivity analysis for a range of reasonably possible scenarios.

### Recognition of Deferred Tax Assets by the Group's Loss-Making Subsidiaries

As disclosed in Note 15 to the financial statements, the Group recognised net deferred tax assets of RM1,382,000 as at 31 December 2019. The deferred tax assets are mainly contributed by one of the subsidiaries which made loss during the financial year and has recognised net deferred tax assets of RM808,000 arising from unutilised tax losses, unabsorbed capital allowances and other deductible temporary differences.

### Key Audit Matters (Cont'd)

#### Recognition of Deferred Tax Assets by the Group's Loss-Making Subsidiaries (Cont'd)

The recognition of deferred tax assets relies on the application of judgement by the Directors in respect of assessing the probability and sufficiency of future taxable profits of the relevant subsidiaries to utilise such tax losses and deductible temporary differences in future.

We have determined this to be a key audit matter, due to the inherent uncertainty in forecasting the amount and timing of future taxable profits and the reversal of temporary differences.

#### Our audit procedures performed and responses thereon

We have performed the following procedures:

- Compared management's forecast and projections of future profits to historical results and evaluated the assumptions used in the forecasts and projections;
- Tested the mathematical accuracy of the profits forecast and projections;
- Performed sensitivity analysis around the key inputs that are expected to be most sensitive to the future taxable profits; and
- Assessed the adequacy of the disclosures on the deferred tax assets.

#### **Recoverability of Amounts Due from Subsidiaries**

As at 31 December 2019, the gross amounts due from subsidiaries of the Company were RM5,929,000 as disclosed in Note 29 to the financial statements.

We have identified the recoverability of amounts due from subsidiaries as a key audit matter due to the judgements by management as to the likelihood of the recoverability of these amounts due from subsidiaries, which is based on a number of factors, including whether there will be sufficient cash flows in the future to repay the outstanding amounts.

### Our audit procedures performed and responses thereon

We have performed the following audit procedures to evaluate the management's assessment about the recoverability of amounts due from subsidiaries:

- Evaluating management's assessment on the sufficiency of future cash flow by comparing management's forecast of future cash flows to historical results and evaluating the assumptions used in those forecasts;
- Tested the mathematical accuracy of the cash flow forecast and projections; and
- Performed a sensitivity analysis by changing certain key assumptions used in the forecast of future cash flows calculations and assessed the impact to the future cash flows.

#### Information Other than the Financial Statements and Auditors' Report Thereon

The Directors of the Company are responsible for the other information. The other information comprises the information included in the Annual Report but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the Annual Report and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the Annual Report and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this Annual Report, we are required to report that fact. We have nothing to report in this regard.

#### **Responsibilities of Directors for the Financial Statements**

The Directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the Directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

#### Auditors' Responsibilities for the Audit of the Financial Statements

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and of the Company's internal control.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- (d) Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.

#### Auditors' Responsibilities for the Audit of the Financial Statements (Cont'd)

- (e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- (f) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

In accordance with the requirements of the Companies Act 2016 in Malaysia, we report that the subsidiaries of which we have not acted as auditors, are disclosed in Note 13 to the financial statements.

#### **Other Matter**

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act, 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the contents of this report.

### Statements of Cash Flows

For the financial year ended 31 December 2019 (Cont'd)

# NOTES TO THE FINANCIAL STATEMENTS

As at 31 December 2019

### 1. CORPORATE INFORMATION

The Company is a public limited company that is incorporated and domiciled in Malaysia. The Company is listed on the ACE Market of Bursa Malaysia Securities Berhad ("Bursa Securities").

The principal activity of the Company is investment holding. The principal activities of its subsidiaries are set out in Note 13.

There have been no significant changes in the nature of these activities of the Group and of the Company during the financial year.

The registered office is located at Lot 4.100, Tingkat 4, Wisma Central, Jalan Ampang, 50450 Kuala Lumpur, Malaysia.

The principal place of business is located at No. 9, Jalan Juruukur U1/19, Hicom Glenmarie Industrial Park, Seksyen U1, 40150 Shah Alam Selangor, Malaysia.

The financial statements were approved and authorised for issue by the Board of Directors on 12 May 2020.

### 2. BASIS OF PREPARATION

#### (a) Statement of compliance

The financial statements of the Group and of the Company have been prepared in accordance with the Malaysian Financial Reporting Standards ("MFRSs") issued by the Malaysian Accounting Standards Board ("MASB"), International Financial Reporting Standards and complied with the provisions of the Companies Act 2016 in Malaysia.

### New and Revised MFRSs, Amendments/Improvements to MFRSs, New IC Interpretations ("IC Int") and Amendments to IC Int

#### (i) Adoption of New MFRS and Amendments/Improvements to MFRSs and IC Int

The Group and the Company had adopted the following Amendments/Improvements to MFRSs and IC Int that are mandatory as follows:

| MFRS 9                                       | Prepayment Features with Negative Compensation       |  |  |  |
|--|--|--|--|--|
| MFRS 16                                      | Leases   |  |  |  |
| MFRS 119                                     | Plan Amendment, Curtailment or Settlement            |  |  |  |
| MFRS 128                                     | Long-term Interests in Associates and Joint Ventures |  |  |  |
| IC Interpretation 23                         | Uncertainty over Income Tax Treatments               |  |  |  |
| Annual Improvements to MFRSs 2015-2017 Cycle |  |  |  |  |

The adoption of the Amendments/Improvements to MFRSs did not have any significant effect on the financial statements of the Group and the Company, except for the adoption of MFRS 16 Leases as disclosed below.

### 2. BASIS OF PREPARATION (CONT'D)

### (a) Statement of compliance (Cont'd)

New and Revised MFRSs, Amendments/Improvements to MFRSs, New IC Interpretations ("IC Int") and Amendments to IC Int (Cont'd)

### (i) Adoption of New MFRS and Amendments/Improvements to MFRSs and IC Int (Cont'd)

### MFRS 16 Leases

The Group has applied MFRS 16 Leases for the first time for the financial year beginning on 1 January 2019.

### Definition of a lease

Previously, the Group determined at contract inception whether an arrangement was or contained a lease under IC Interpretation 4, Determining Whether an Arrangement contains a Lease. The Group now assesses whether a contract is or contains a lease based on the new definition of a lease. Under MFRS 16, a contract is, or contains, a lease if the contract conveys a right to control the use of an identified asset for a period of time in exchange for consideration.

#### As a lessee

At 1 January 2019, for leases that were classified as operating lease under MFRS 117, lease liabilities were measured at the present value of the remaining lease payments, discounted at the Group's incremental borrowing rate as at 1 January 2019. Right-of-use assets are measured at an amount equal to the lease liabilities, adjusted by the amount of any prepaid or accrued lease payments.

The Group used the following practical expedient when applying MFRS 16 to leases previously classified as operating lease under MFRS 117: -

- applied a single discount rate to a portfolio of leases with similar characteristics;
- applied the exemption not to recognise right-to-use assets and liabilities for leases with less than 12 months of lease term as at 1 January 2019;
- leases for low value items are excluded;
- excluded initial direct costs from measuring the right-to-use assets at the date of initial application; and
- used hindsight when determining the lease term if the contract contains options to extend or terminate the lease.

For leases that were classified as finance lease under MFRS 117, the carrying amounts of right-to-use asset and the lease liability at 1 January 2019 are determined to be the same as the carrying amount of the leased asset and lease liability under MFRS 117 immediately before that date.

### 2. BASIS OF PREPARATION (CONT'D)

### (a) Statement of compliance (Cont'd)

New and Revised MFRSs, Amendments/Improvements to MFRSs, New IC Interpretations ("IC Int") and Amendments to IC Int (Cont'd)

### (i) Adoption of New MFRS and Amendments/Improvements to MFRSs and IC Int (Cont'd)

#### Impacts on financial statements

Since the Group applied the requirements of MFRS 16 modified retrospective transition approach with the right-of-use assets equal to lease liabilities at date of initial application of January 2019, there are no adjustments made to prior period presented.

The impact on the Group's statements of financial position as at 1 January 2019 is summarised below:

|  | Previously<br>reported<br>under<br>MFRS 117<br>RM'000 | Effect of<br>adoption<br>MFRS 16<br>RM'000 | Restated<br>under<br>MFRS 16<br>RM'000 |
|--|---|--|--|
| Group<br>At 1 January 2019<br>Assets                                 |   |  |  |
| Property, plant and equipment<br>Right-of-use assets                 | 11,076  | (2,533)<br>6,779                           | 8,543<br>6,779                         |
| <b>Liabilities</b><br>Finance lease liabilities<br>Lease liabilities | 1,976   | (1,976)<br>6,222                           | -<br>6,222                             |

The following table explains the differences between operating lease commitments disclosed applying MFRS 117 at 31 December 2018, and lease liabilities recognised at the date initial application of 1 January 2019

|  | Group<br>RM'000 |
|--|-----------------|
| Operating lease commitments as disclosed at 31 December 2018<br>Effects from discounting at the incremental borrowing rate between | 2,729           |
| 4.75% to 10.00%  | (148)           |
| Add:   |                 |
| Lease liabilities additionally recognised based on the initial<br>application of MFRS 16   | 1,932           |
| Transfer from finance lease liabilities upon initial application of<br>MFRS 16   | 1,976           |
| Less:  |                 |
| Short-term leases recognised on a straight-line basis of an expense  | (267)           |
| Lease liabilities recognised as at 1 January 2019  | 6,222           |

### 2. BASIS OF PREPARATION (CONT'D)

### (a) Statement of compliance (Cont'd)

New and Revised MFRSs, Amendments/Improvements to MFRSs, New IC Interpretations ("IC Int") and Amendments to IC Int (Cont'd)

### (ii) New MFRS and Amendments/Improvements to MFRSs and IC Int that are issued but not yet effective and have not been early adopted

The Group and the Company have not adopted the following new MFRSs and Amendments/ Improvements to MFRSs and IC Int that have been issued as at the date of authorisation of these financial statements but are not yet effective for the Group and the Company:-

### Effective for financial period beginning on or after 1 January 2020

| Amendments to MFRS 3               | Business Combinations – Definition of a Business  |
|------------------------------------|---|
| Amendments to MFRS 9 and<br>MFRS 7 | Interest rate Benchmark Reform  |
| Amendments to MFRS 101             | Presentation of Financial Statements – Definition of Material                               |
| Amendments to MFRS 108             | Accounting Policies, Changes in Accounting Estimates and<br>Errors – Definition of Material |

Amendments to References to the Conceptual Framework in MFRS Standards

### Effective for financial period beginning on or after 1 January 2021

| MFRS 17 Ir | nsurance | Contracts |
|------------|----------|-----------|
|------------|----------|-----------|

### Effective for financial period beginning on or after 1 January 2022

| Amendments to MFRS 101 | Presentation of Financial Statements – Classification of Liabilities |
|------------------------|--|
|                        | as Current or Non-current  |

### Effective date to be announced

| Amendments to MFRS 10 and | Sale or Contribution of Assets between an Investor and its |
|---------------------------|--|
| MFRS 128                  | Associate or Joint Venture                                 |

The Group and the Company will adopt the above pronouncements when they become effective in the respective financial periods. These pronouncements are not expected to have any effect to the financial statements of the Group and of the Company upon their initial application.

The Group and the Company do not plan to apply MFRS17, "Insurance Contracts" that is effective for annual periods beginning on or after 1 January 2021 as it is not applicable to the Group and the Company.

### (b) Functional and presentation currency

These financial statements are presented in Ringgit Malaysia ("RM"), which is the Company's functional currency. All financial information presented in RM and has been rounded to the nearest thousand, unless otherwise stated.

### 2. BASIS OF PREPARATION (CONT'D)

### (c) Basis of measurement

The financial statements of the Group and of the Company have been prepared on the historical cost basis except as disclosed in accounting policies.

### (d) Significant accounting estimates and judgements

The summary of accounting policies as described in Note 3 are essential to understand the Group's and the Company's result of operations, financial position, cash flows and other disclosures. Certain of these accounting policies require critical accounting estimates that involve complex and subjective judgements and the use of assumptions, some of which may be for matters that are inherently uncertain and susceptible to change. The Directors exercise their judgement in the process of applying the Group's and the Company's accounting policies.

Estimates, assumptions concerning the future and judgements are made in the preparation of the financial statements. They affect the application of the Group's and of the Company's accounting policies and reported amounts of assets, liabilities, income and expenses, and disclosures made.

Estimates and underlying assumptions are assessed on an on-going basis and are based on experience and relevant factors, including expectations of future events that are believed to be reasonable under the circumstances. The actual results may differ from the judgements, estimates and assumptions made by management, and will seldom equal the estimated results.

The key assumptions concerning the future and other key sources of estimation or uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are set out below.

#### (i) Impairment of Non-Financial Assets

When the recoverable amount of an asset is determined based on the estimate of the value in use of the cash generating unit to which the asset is allocated, the management is required to make an estimate of the expected future cash flows from the cash generating unit and also to apply a suitable discount rate in order to determine the present value of those cash flows.

### (ii) Deferred Tax Assets and Liabilities

Deferred tax implications arising from the changes in corporate income tax rates are measured with reference to the estimated realisation and settlement of temporary differences in the future periods in which the tax rates are expected to apply, based on the tax rates enacted or substantively enacted at the reporting date. While management's estimates on the realisation and settlement of temporary differences are based on the available information at the reporting date, changes in business strategy, future operating performance and other factors could potentially impact on the actual timing and amount of temporary differences realised and settled. Any difference between the actual amount and the estimated amount would be recognised in the profit or loss in the period in which actual realisation and settlement occurs.

### (iii) Impairment of Goodwill

Goodwill is tested for impairment annually and at other times when such indicators exist. This requires management to estimate the expected future cash flows of the cash generating unit to which goodwill is allocated and to apply a suitable discount rate in order to determine the present value of those cash flows. The future cash flows are most sensitive to budgeted gross margins, growth rates estimated and discount rate used. If the expectation is different from the estimation, such difference will impact the carrying value of goodwill.

### 2. BASIS OF PREPARATION (CONT'D)

### (d) Significant accounting estimates and judgements (Cont'd)

(iv) Leases

The Group assesses at lease commencement by applying significant judgement whether it is reasonably certain to exercise the extension options. The Group considers all facts and circumstances including their past practice and any cost that will be incurred to change the asset if an option to extend is not taken, to help them determine the lease term.

The Group also applies judgement and assumptions in determining the incremental borrowing rate of the respective leases. The Group first determines the closest available borrowing rates before using significant judgement to determine the adjustments required to reflect the term, security, value or economic environment of the respective leases.

### 3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to the periods presented in these financial statements and have been consistently by the Group and the Company, unless otherwise stated.

Arising from the adoption of MFRS 16, "Leases", there are changes to the accounting policies applied to lease contracts entered by the Group and the Company as compared to those applied in previous financial statements. The impacts arising from the changes are disclosed in Note 2(a)(i).

### (a) Basis of consolidation

### **Consolidation**

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the reporting date. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied for like transactions and events in similar circumstances. The Company controls an investee if and only if the Company has all the following:

- (i) Power over the investee (i.e. existing rights that give it the current ability to direct the relevant power activities of the investee);
- (ii) Exposure, or rights, to variable returns from its investment with the investee; and
- (iii) The ability to use its power over the investee to affect its returns.

When the Company has less than a majority of the voting rights of an investee, the Company considers the following in assessing whether or not the Company's voting rights in an investee are sufficient to give it power over the investee:

- (i) The size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- (ii) Potential voting rights held by the Company, other vote holders or other parties;
- (iii) Rights arising from other contractual arrangements; and
- (iv) Any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Subsidiaries are consolidated when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary.

### 3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### (a) Basis of consolidation (Cont'd)

### Consolidation (Cont'd)

When control ceases, the disposal proceeds and the fair value of any retained investment are compared to the Group's share of the net assets disposed. The difference together with the carrying amount of allocated goodwill and the exchange reserve that relate to the subsidiary is recognised as gain or loss on disposal.

### Business combination

Acquisitions of subsidiaries are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred, measured at acquisition date fair value and the amount of any non-controlling interest in the acquiree.

The Group elects on a transaction-by-transaction basis whether to measure the non-controlling interests in the acquiree either at fair value or at the proportionate share of the acquiree's identifiable net assets. Transaction cost incurred are expensed and included in administrative expenses.

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes in the fair value of the contingent consideration which is deemed to be an asset or liability, will be recognised in accordance with MFRS 9 either in profit or loss or a change to other comprehensive income. If the contingent consideration is classified as equity, it will not be remeasured. Subsequent settlement is accounted for within equity. In instances where the contingent consideration does not fall within the scope of MFRS 9, it is measured in accordance with the appropriate MFRS.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

If the business combination is achieved in stages, the acquisition date fair value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date through profit or loss.

Goodwill is initially measured at cost, being excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests over the net identifiable assets acquired and liabilities assumed. If this consideration is lower than fair value of the net assets of the subsidiary acquired, the difference is recognised in profit or loss.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

Business combinations under common control are accounted using the predecessor method of merger accounting where the profit or loss and other comprehensive income include the results of each of the combining entities from the earliest date presented or from the date when these entities came under the control of the common controlling party (if later).

## 3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### (a) Basis of consolidation (Cont'd)

### Business combination (Cont'd)

The assets and liabilities of the combining entities are accounted for based on the carrying amounts from the perspective of the common controlling party, or the combining entities if the common controlling party does not prepare consolidated financial statements.

The difference in cost of acquisition over the aggregate carrying value of the assets and liabilities of the combining entities as of the date of the combination is taken to equity. Transaction cost for the combination is recognised in the profit or loss.

Similar treatment applies in the Company's separate financial statements when assets and liabilities representing the underlying businesses under common control are directly acquired by the Company. In accounting for business combinations in the Company's separate financial statements, the excess of the cost of acquisition over the aggregate carrying amounts of assets and liabilities as of the date of the combination is taken to equity.

### <u>Subsidiaries</u>

A subsidiary is an entity over which the Group has all the following:

- (i) Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);
- (ii) Exposure, or rights, to variable returns from its investment with the investee; and
- (iii) The ability to use its power over the investee to affect its returns.

In the Company's separate financial statements, investment in subsidiaries are accounted for at cost less impairment losses. On disposal of such investments, the difference between net disposal proceeds and their carrying amounts is included in the profit or loss.

### Non-controlling Interests

Non-controlling interests represents the equity in subsidiaries not attributable directly or indirectly, to owners of the Company, and is presented separately in the consolidated profit or loss and within equity in the consolidated financial position, separately from equity attributable to Owners of the Company.

Changes in the Company's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. In such circumstances, the carrying amounts of the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary company. Any difference between the amount by which the non-controlling interests is adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to Owners of the Company.

Losses within a subsidiary are attributed to the non-controlling interests even if that results in a deficit balance.

### Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions between subsidiaries in the Group, are eliminated in preparing the consolidated financial statements.

Unrealised gains arising from transactions with equity-accounted associates and joint ventures are eliminated against the investment to the extent of the Group's interest in the investees. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

### 3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### (b) Foreign currencies

#### *(i) Foreign currency transactions and balances*

Transactions in foreign currencies are measured in the respective functional currencies of the Group and of the Company are recorded on initial recognition in the functional currencies at exchange rates approximating those ruling at the transaction dates.

Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the reporting date. Non-monetary items denominated in foreign currencies that are measured at historical cost are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items denominated in foreign currencies measured at fair value are translated using the exchange rates as at the dates of the initial transactions.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the reporting date are recognised in the profit or loss except for exchange differences arising on monetary items that form part of the Group's and of the Company's net investment in foreign operations, which are recognised initially in other comprehensive income and accumulated under foreign currency translation reserve in equity. The foreign currency translation reserve is reclassified from equity to the profit or loss of the Group on disposal of the foreign operation.

Exchange differences arising on the translation of non-monetary items carried at fair value are included in the profit or loss for the period except for the differences arising on the translation of non-monetary items in respect of which gains and losses are recognised directly in equity. Exchange differences arising from such non-monetary items are also recognised directly in equity.

### (ii) Group entities

On consolidation, the assets and liabilities of foreign operations are translated into RM at the rate of exchange prevailing at the reporting date and their profit or loss are translated at exchange rates prevailing at the dates of the transactions. The exchange differences arising on translation for consolidation are recognised in other comprehensive income. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in profit or loss.

### (c) Revenue and other revenue recognition

Revenue is recognised when or as a performance obligation in the contract with customer is satisfied, i.e. when the "control" of the goods or services underlying the particular performance obligation is transferred to the customer.

A performance obligation is a promise to transfer a distinct goods or service (or a series of distinct goods or services that are substantially the same and that have the same pattern of transfer) to the customer that is explicitly stated in the contract and implied in the Group's and the Company's customary business practices.

Revenue is measured at the amount of consideration to which the Group expects to be entitled in exchange for transferring the promised goods or services to the customers, excluding amounts collected on behalf of third parties such as sales taxes. If the amount of consideration varies due to discounts, rebates, refunds, credits, incentives, penalties or other similar items, the Group and the Company estimate the amount of consideration to which it will be entitled based on the expected value or the most likely outcome. If the contract with customer contains more than one performance obligation, the amount of consideration is allocated to each performance obligation based on the relative stand-alone selling prices of the goods or services promised in the contract.

## 3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### (c) Revenue and other revenue recognition (Cont'd)

The revenue is recognised to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur when the uncertainly associated with the variable consideration is subsequently resolved.

The control of the promised goods or services may be transferred over time or at a point in time. The control over the goods or services is transferred over time and revenue is recognised over time if:

- The customer simultaneously receives and consumes the benefits provided by the Group's and the Company's performances as the Group and the Company perform;
- The Group's and the Company's performances create or enhance assets that the customer controls as the assets are created or enhanced; or
- The Group's and the Company's performances do not create assets with alternative use and the Group and the Company have enforceable rights to payment for performance completed to date.

### Sale of goods

Revenue from sales of goods is measured at the fair value of the consideration received or receivable, net of returns and provisions, trade discounts, volume rebates and net of taxes.

Revenue is recognised when or as a performance obligation in the contract with customer is satisfied, i.e. when the "control" of the goods or services underlying the particular performance obligation is transferred to the customer.

Revenue is not recognised to the extent where there are significant uncertainties regarding recovery of the consideration due, associated costs or the possible return of goods.

### Revenue from service

Revenue from services provided is recognised net of discount, where applicable, as and when the services are performed. Revenue is recognised over time based on contract.

### Dividend income

Dividend income is recognised when the shareholder's right to receive payment is established.

#### Other revenue

Interest income is recognised using the effective interest method.

## 3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### (d) Employee benefits

#### (i) Short term benefits

Wages, salaries, bonuses and social security contributions are recognised as an expense in the year in which the associated services are rendered by employees. Short-term accumulating compensated absences such as paid annual leave are recognised as a liability when they accrue to the employees. The estimated liability for paid annual leave is recognised for services rendered by employees up to the reporting date. Short-term non-accumulating compensated absences such as sick leave are recognised when the absences occur.

### *(ii)* Defined contribution plans

The Group participates in the national pension schemes as defined by the laws of the countries in which it has operations. The Group makes contributions to Employee Provident Fund in Malaysia, a defined contribution pension scheme. Contributions to defined contribution pension schemes are recognised as an expense in the period in which the related service is performed.

#### (iii) Provision for post-employment benefits

Certain subsidiaries of the Group operate separate defined retirement benefit schemes for certain employees. Such benefits are unfunded.

The liability recognised in the statements of financial position in respect of post-employment benefit plans is the present value of the defined benefit obligation at the reporting date minus the fair value of plan assets. Retirement benefits are assessed annually using the projected unit credit method; the present value of the defined benefit obligation is measured by discounting the estimated future cash outflows using a discount rate by reference to market yields of high quality corporate bonds that are denominated in the currency in which the benefits will be paid, and have terms to maturity approximating to the terms of the related pension liability at the reporting date.

Actuarial gains and losses arising from experience adjustments and changes in actual assumptions are charged or credited to equity in other comprehensive income in the period when they arise. Changes in the defined benefit liability arising from service cost and net interest on the defined benefit obligation for the financial year are recognised in profit or loss.

### (e) Borrowing costs

Borrowing costs are capitalised as part of the cost of a qualifying asset if they are directly attributable to the acquisition, construction or production of that asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are substantially completed for their intended use or sale.

All other borrowing costs are recognised in profit or loss in the period they are incurred. Borrowing costs consist of interest and other costs that the Group incurred in connection with the borrowing of funds.

## 3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### (f) Income taxes

#### (i) Current tax

Tax expense represents the aggregate amount of current and deferred tax. Current tax is the expected amount payable in respect of taxable income for the financial year, using tax rates enacted or substantively enacted by the reporting date, and any adjustments recognised for prior years' tax. When an item is recognised outside profit or loss, the related tax effect is recognised either in other comprehensive income or directly in equity.

### (ii) Deferred tax

Deferred tax is recognised using the liability method, on all temporary differences between the tax base of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is not recognised if the temporary difference arises from the initial recognition of an asset or liability in a transaction, which is not a business combination and at the time of the transaction, affects neither accounting nor taxable profit or loss. Deferred tax is measured at the tax rates that are expected to apply in the period in which the assets are realised or the liabilities are settled, based on tax rates and tax laws that have been enacted or substantively enacted by the reporting date.

Deferred tax assets are recognised only to the extent that there are sufficient taxable temporary differences relating to the same taxable entity and the same taxation authority to offset or when it is probable that future taxable profits will be available against which the assets can be utilised.

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefits will be realised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profit will be available for the assets to be utilised.

Deferred tax assets relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transactions either in other comprehensive income or directly in equity and deferred tax arising from business combination is adjusted against goodwill on acquisition or the amount of any excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the acquisition cost.

### (g) Earnings per share

Basic earnings per share ("EPS") is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year, adjusted for own shares held.

Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for own share held, for the effects of all dilutive potential ordinary shares, which comprise share options granted to employees.

## 3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### (h) Impairment

### (i) Financial assets

The Group and the Company recognise loss allowances for expected credit losses ("ECL") on financial assets measured at amortised cost, contract assets and lease receivables. Expected credit losses are a probability-weighted estimate of credit losses.

Loss allowance of the Group is measured on either of the following bases:

- (i) 12-month ECL represents the ECLs that result from default events that are possible within the 12 months after the reporting date (or for a shorter period if the expected life of the instrument is less than 12 months); or
- (ii) Lifetime ECLs represents the ECLs that will result from all possible default events over the expected life of a financial instrument or contract asset

The impairment methodology applied depends on whether there has been a significant increase in credit risk.

#### Simplified approach - trade receivables, lease receivables and contract assets

The Group applies the simplified approach to provide ECLs for all trade receivables, lease receivables and contract assets as permitted by MFRS 9. The simplified approach required expected lifetime losses to be recognised from initial recognition of the receivables. The expected credit losses on these financial assets are estimated using a provision matrix based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where applicable.

#### General approach - other financial instruments and financial guarantee contracts

The Group applies the general approach to provide for ECLs on all other financial instruments and financial guarantee contracts, which requires the loss allowance to be measured at an amount equal to 12-months ECLs at initial recognition.

At each reporting date, the Group assesses whether the credit risk of a financial instrument has increased significantly since initial recognition. When credit risk has increased significantly since initial recognition, loss allowance is measured at an amount equal to lifetime ECLs. In assessing whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort.

This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and including forward looking information, where available.

If credit risk has not increase significantly since initial recognition or if the credit quality of the financial instruments improves such that there is no longer a significant credit risk since initial recognition, loss allowance is measured at an amount equal to 12-month ECLs.

## 3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### (h) Impairment (Cont'd)

### (i) Financial assets (Cont'd)

General approach - other financial instruments and financial guarantee contracts (Cont'd)

The Group considers an event of default for internal credit risk management purposes when the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held).

The Company considers a financial guarantee contract to be in default when the debtor of the loan is unlikely to pay its credit obligations to the creditors and the Company in full, without recourse by the Company to actions such as realising security (if any is held). The Company only applies a discount rate if, and to the extent that, the risks are not taken into account by adjusting the expected cash shortfalls.

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

### Credit Impaired financial assets

At each reporting date, the Group and the Company assess whether financial assets carried at amortised cost is credit impaired. A financial asset is credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit impaired includes the observable data about the following events:

- Significant financial difficulty of the borrower or issuer;
- A breach of contract such as a default or significant past due event
- The lender of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower or a concession that the lender would not otherwise consider (e.g the restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise);
- It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- The disappearance of an active market for security because of financial difficulties.

### Write-off policy

The gross carrying amount of a financial asset is written off (either partially or full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group or the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's or the Company's procedures for recovery of amounts due. Any recoveries made are recognised in profit or loss.

## 3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### (h) Impairment (Cont'd)

### (ii) Non-financial assets

The carrying amounts of non-financial assets (except for inventories and intangible assets) are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists then the asset's recoverable amount is estimated.

An impairment loss is recognised if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. Impairment losses are recognised immediately in profit or loss, unless the asset is carried at a revalued amount, in which such impairment loss is recognised directly against any revaluation surplus for the asset to the extent that the impairment loss does not exceed the amount in the revaluation surplus for that same asset. A cash-generating unit is the smallest identifiable asset group that generates cash flows that largely are independent from other assets and groups.

The recoverable amount of an asset or cash-generating units is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

Except for goodwill, assets that were previously impaired are reviewed for possible reversal of the impairment at the end of each reporting period. Any subsequent increase in recoverable amount is recognised in the profit or loss unless it reverses an impairment loss on a revalued asset in which case it is taken to revaluation reserve. Reversal of impairment loss is restricted by the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years.

An impairment loss recognised for goodwill is not reversed.

An impairment loss is recognised for the amount by which the carrying amount of the subsidiary, joint venture or associate exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and present value of the estimated future cash flows expected to be derived from the investment including the proceeds from its disposal. Any subsequent increase in recoverable amount is recognised in profit or loss.

### (i) Property, plant and equipment

All items of property, plant and equipment are initially recorded at cost. The cost of an item of property, plant and equipment is recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Group and the Company and the cost of the item can be measured reliably.

Subsequent to initial recognition, property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses. When significant parts of property, plant and equipment are required to be replaced in intervals, the Group recognises such part as individual assets with specific useful lives and depreciation, respectively. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the property, plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

## 3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### (i) Property, plant and equipment (Cont'd)

All property, plant and equipment are depreciated on the straight-line basis to write off the cost of the property, plant and equipment over their estimated useful lives.

The principal annual rates used for this purpose are:-

| Leasehold land*   | 80 years    |
|---|-------------|
| Buildings*  | 2%          |
| Moulds, plant and equipment                               | 12.5% - 20% |
| Office equipment, furniture, fittings, computer and       |             |
| telecommunication equipment                               | 15% - 30%   |
| Equipment for demonstration                               | 15%         |
| Motor vehicles  | 12.5% - 20% |
| Office renovation, electrical and fittings, and signboard | 10%         |

In the previous year, the leasehold land and buildings was depreciated over their estimated useful life of 80 years and 2% per annum. Upon adoption of MFRS 16 Leases, these leasehold land and building have been reclassified as Right-of Use assets as at the date of initial application, i.e. 1 January 2019.

The residual values, useful lives and depreciation method are reviewed at each reporting date to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. The difference between the net disposal proceeds, if any, and the net carrying amount is recognised in profit or loss.

Fully depreciated property, plant and equipment are retained in the financial statements until they are no longer in use and no further charge for depreciation is made in respect of these property, plant and equipment.

### (j) Intangible assets

### (i) Goodwill on consolidation

Goodwill is initially measured at cost. Following initial recognition, goodwill is measured at cost less accumulated impairment losses.

For the purpose of impairment testing, goodwill acquired is allocated, from the acquisition date, to each of the Group's cash-generating units that are expected to benefit from the synergies of the combination.

The cash-generating unit to which goodwill has been allocated is tested for impairment annually and whenever there is an indication that the cash-generating unit may be impaired, by comparing the carrying amount of the cash-generating unit, including the allocated goodwill, with the recoverable amount of the cash-generating unit. Where the recoverable amount of the cash-generating unit is less than the carrying amount, an impairment loss is recognised in the profit or loss. Impairment losses recognised for goodwill are not reversed in subsequent periods.

### 3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### (j) Intangible assets (Cont'd)

#### (i) Goodwill on consolidation (Cont'd)

Where goodwill forms part of a cash-generating unit and part of the operation within that cashgenerating unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on disposal of the operation. Goodwill disposed of in this circumstance is measured based on the relative fair values of the operations disposed of and the portion of the cash-generating unit retained.

Goodwill and fair value adjustments arising on the acquisition of foreign operation on or after 1 January 2006 are treated as assets and liabilities of the foreign operations and are recorded in the functional currency of the foreign operations and translated in accordance with the accounting policy set out in Note 3(b).

Goodwill and fair value adjustments which arose on acquisitions of foreign operation before 1 January 2006 are deemed to be assets and liabilities of the Company and are recorded in RM at the rates prevailing at the date of acquisition.

#### (ii) Research and development

Expenditure on research activities, undertaken with the prospect of gaining new scientific or technical knowledge and understanding, is recognised in profit or loss as incurred.

Expenditure on development activities, whereby the application of research finding are apply to a plan or design for the production of new or substantially improved products or processes are capitalised only if development costs can be measured reliably, the product or process is technically or commercially feasible, future economic benefits are probable and the Group intended to and has sufficient resources to complete development to use or to sell the asset.

The expenditure capitalised includes the costs of materials, direct labour, and overhead costs that are directly attributable to preparing the asset for its intended use. Capitalised development expenditure is measured at cost less any accumulated amortisation and any accumulated impairment losses.

Amortisation is recognised in profit or loss on a straight-line basis over the estimated useful life.

(iii) Trademark

Trademark acquired is measured on initial recognition at cost. The useful life of the trademark is assessed to be indefinite and are not amortised but tested for impairment annually or more frequently if the events or changes in circumstances indicate that the carrying value may be impaired either individually or at the cash-generating unit level. The useful life of trademark is reviewed annually to determine whether the useful life assessment continues to be supportable.

Gain or losses arising from derecognition of an intangible asset except goodwill on consolidation are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in profit or loss when the asset is derecognised.

## 3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### (j) Intangible assets (Cont'd)

### (iv) Amortisation

The amount subject to amortisation is calculated based on the cost of the asset less its residual value. Amortisation is recognised in profit or loss on a straight-line basis over the estimated useful lives of intangible assets from the date that they are available for use.

The estimated useful lives for the current and comparative periods are as follows:

Development costs

5 years

Amortisation methods, useful lives and residual values are reviewed at the end of each reporting period and adjusted, if appropriate.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are not amortised but are tested for impairment annually and whenever there is an indication that they may be impaired.

### (k) Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined on the weighted average basis. Costs of raw materials and consumables comprise the cost of purchase plus the cost of bringing the inventories to their present location and condition.

In the case of work in progress and manufactured inventories, cost includes materials, direct labour and an appropriate share of production overheads based on normal operating capacity.

Net realisable value is the estimated selling price in the ordinary course of business less estimated costs of completion and the estimated costs necessary to make the sale. Where necessary, due allowance is made for all damaged, obsolete and slow-moving items.

### (l) Financial instruments

### (i) Initial recognition and measurement

A financial asset or a financial liability is recognised in the statements of financial position when, and only when, the Group or the Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without significant financing component) or a financial liability is initially measured at fair value plus or minus, for an item not at fair value through profit or loss, transaction costs that are directly attributable to its acquisition or issuance. A trade receivable without a significant financing component is initially measured at the transaction price.

An embedded derivative is recognised separately from the host contract where the host contract is not a financial asset, and accounted for separately if, and only if, the derivative is not closely related to the economic characteristics and risks of the host contract and the host contract is not measured at fair value through profit or loss. The host contract, in the event an embedded derivative is recognised separately, is accounted for in accordance with policy applicable to the nature of the host contract.

### 3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### (l) Financial instruments (Cont'd)

(ii) Financial instrument categories and subsequent measurement

The Group and the Company categories financial instruments as follows:

#### Financial assets

Categories of financial assets are determined on initial recognition and are not reclassified subsequent to their initial recognition unless the Group or the Company changes its business model for managing financial assets in which case all affected financial assets are reclassified on the first day of the first reporting period following the change of the business model.

(a) Amortised cost

Amortised cost category comprises financial assets that are held within a business model whose objective is to hold assets to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The financial assets are not designated as fair value through profit or loss. Subsequent to initial recognition, these financial assets are measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss. Interest income is recognised by applying effective interest rate to the gross carrying amount except for credit impaired financial assets as disclosed in Note 3(h)(i).

(b) Fair value through profit or loss

All financial assets not measured at amortised cost or fair value through other comprehensive income are measured at fair value through profit or loss. This includes derivative financial assets (except for a derivative that is a designated and effective hedging instrument). On initial recognition, the Group or the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at fair value through other comprehensive income as at fair value through profit or loss if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise. Financial assets categorised as fair value through profit or loss are subsequently measured at their fair value. Net gains or losses, including any interest or dividend income, are recognised in the profit or loss.

All financial assets, except for those measured at fair value through profit or loss, are subject to impairment assessment as disclosed in Note 3(h)(i).

## 3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### (l) Financial instruments (Cont'd)

(ii) Financial instrument categories and subsequent measurement (Cont'd)

### Financial liabilities

The categories of financial liabilities at initial recognition are as follows:

(a) Fair value through profit or loss

Fair value through profit or loss category comprises financial liabilities that are derivatives (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument), contingent consideration in a business combination and financial liabilities that are specifically designated into this category upon initial recognition.

On initial recognition, the Group or the Company may irrevocably designate a financial liability that otherwise meets the requirements to be measured at amortised cost as at fair value through profit or loss:

- (a) if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise;
- (b) a group of financial liabilities or assets and financial liabilities is managed and its performance is evaluated on a fair value basis, in accordance with a documented risk management or investment strategy, and information about the group is provided internally on that basis to the Group's key management personnel; or
- (c) if a contract contains one or more embedded derivatives and the host is not a financial asset in the scope of MFRS 9, where the embedded derivative significantly modifies the cash flows and separation is not prohibited.

Financial liabilities categorised as fair value through profit or loss are subsequently measured at their fair value with gains or losses, including any interest expense are recognised in the profit or loss.

For financial liabilities where it is designated as fair value through profit or loss upon initial recognition, the Group and the Company recognised the amount of change in fair value of the financial liability that is attributable to change in credit risk in the other comprehensive income and remaining amount of the change in fair value in the profit or loss, unless the treatment of the effects of changes in the liability's credit risk would create or enlarge an accounting mismatch.

(b) Amortised cost

Other financial liabilities not categorised as fair value through profit or loss are subsequently measured at amortised cost using the effective interest method.

Interest expense and foreign exchange gains and losses are recognised in the profit or loss. Any gains or losses on derecognition are also recognised in the profit or loss.

### 3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### (l) Financial instruments (Cont'd)

### (iii) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statements of financial position when, and only when, the Group or the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and liability simultaneously.

#### *(iv) Financial guarantee contracts*

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument.

Financial guarantees issued are initially measured at fair value. Subsequently, they are measured at higher of:

- the amount of the loss allowance; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance to the principles of MFRS 15, Revenue from Contracts with Customers.

Liabilities arising from financial guarantees are presented together with other provisions.

(v) Regular way purchase or sale of financial assets

A regular way purchase or sale is a purchase or sale of a financial asset under a contract whose terms require delivery of the asset within the time frame established generally by regulation or convention in the marketplace concerned.

A regular way purchase or sale of financial assets is recognised and derecognised, as applicable, using trade date accounting. Trade date accounting refers to:

- (a) the recognition of an asset to be received and the liability to pay for it on the trade date, and
- (b) derecognition of an asset that is sold, recognition of any gain or loss on disposal and the recognition of a receivable from the buyer for payment on the trade date.
- (vi) Derecognition

A financial asset or part of it is derecognised when, and only when the contractual rights to the cash flows from the financial asset expire or control of the asset is not retained or substantially all of the risks and rewards of ownership of the financial asset are transferred to another party. On derecognition of a financial asset, the difference between the carrying amount and the sum of the consideration received (including any new asset obtained less any new liability assumed) and any cumulative gain or loss that had been recognised in equity is recognised in profit or loss.

A financial liability or a part of it is derecognised when, and only when, the obligation specified in the contract is discharged, cancelled or expires.

On derecognition of a financial liability, the difference between the carrying amount of the financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

## 3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### (m) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits, short-term investments that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value. These also include bank overdrafts that form an integral part of the Group's cash management. For the purpose of the statements of cash flows, cash and cash equivalents are presented net of bank overdrafts and pledged deposits, if any.

### (n) Leases

The Group has applied MFRS 16 using the modified retrospective approach, under which the Group has chosen to measure the right-of-use asset equals to the lease liability at 1 January 2019. Accordingly, the comparative information presented for 2018 has not been restated – i.e. it is presented, as previously reported under *MFRS 117, Leases and related interpretations.* 

### Current financial year

(i) Definition of lease

A contract is, or contain, a lease if the contract conveys a right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control for the use of an identified asset, the Group assesses whether:

- the contract involves the use of an identified asset this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the Group has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Group has the right to direct the use of the asset. The Group has the right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases, where the decision about how and what purpose the asset is used is predetermined, the Group has the right to direct use of the asset if either the customer has the right to operate the asset; or the Group designed the asset in a way that predetermines how and what purpose it will be used.

### (ii) Recognition and initial measurement

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less the lease incentives received.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the respective Group entities' incremental borrowing rate.

The Group has elected not to recognise right-to-use assets and liabilities for short term leases that have a lease terms of 12 months or less and leases of low-value assets. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

### 3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### (n) Leases (Cont'd)

(iii) Subsequent measurement

The right-of-use assets is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any and adjusted for certain remeasurements of the lease liability.

The principal annual depreciation rates are as follows:

| Leasehold land     | 80 years                            |
|--------------------|-------------------------------------|
| Leasehold building | 50 years                            |
| Lease of buildings | 2 to 3 years or over the lease term |
| Motor vehicles     | 5 to 8 years                        |

The lease liability is subsequently increased by the interest cost on the lease liability and decreased by lease payment made. It is remeasured when there is a change in future lease payments arising from a change in index or rate, a change in the estimate of the amount expected to be payable under a residual value guarantee, or as appropriate, changes in the assessment of whether a purchase or extension option is reasonably certain to be exercised or a termination option is reasonably certain not to be exercised.

The Group has applied judgement to determine the lease term for some lease contracts in which it is a lessee that include renewal options. The assessment of whether the Group is reasonably certain to exercise such options impacts the lease term, which significantly affects the amount of lease liabilities and right-of-use assets recognised.

When the lease liability is remeasured, a corresponding adjustment is made to the carrying amount of the right-of-use assets, or is recorded in profit or loss if the carrying amount of the right-of-use assets has been reduced to zero.

### Previous financial year

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfilment of the arrangement is dependent on the use of a specific asset or asset or the arrangement conveys a right to use the asset, even if that right is not explicitly specific in an arrangement.

#### Finance lease

Leases in terms of which the Group and the Company assume substantially all the risks and rewards of ownership are classified as finance lease. Upon initial recognition, the leased asset is measured at an amount equal to the lower of its fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the asset is accounted for in accordance with the accounting policy applicable to that asset.

Minimum lease payments made under finance leases are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the profit or loss. Contingent lease payments are accounted for by revising the minimum lease payments over the remaining term of the lease when the lease adjustment is confirmed.

## 3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### (n) Leases (Cont'd)

### Previous financial year (Cont'd)

### **Operating lease**

Leases, where the Group and the Company do not assume substantially all the risks and rewards of ownership are classified as operating leases and, except for property interest held under operating lease, the leased assets are not recognised on the statement of financial position. Property interest held under an operating lease, which is held to earn rental income or for capital appreciation or both, is classified as investment property.

Payments made under operating leases are recognised in profit or loss on a straight-line basis over the term of the lease. Lease incentives received are recognised in profit or loss as an integral part of the total lease expense, over the term of the lease. Contingent rentals are charged to profit or loss in the reporting period in which they are incurred.

### (o) Equity instrument

An equity instrument is any contract that evidences a residual interest in the assets of the Group and of the Company after deducting all of their liabilities. Ordinary shares are equity instruments.

Ordinary shares are recorded at the proceeds received, net of directly attributable incremental transaction costs. Dividends on ordinary shares are recognised in equity in the period in which they are declared.

### (p) Provisions

Provisions are recognised when the Group and the Company have a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic resources will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

### (q) Contingencies

A contingent liability or asset is a possible obligation or asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of uncertain future event(s) not wholly within the controls of the Group and of the Company.

Contingent liabilities and assets are not recognised in the statements of financial position of the Group and of the Company.

### (r) Fair value measurement

Fair value of an asset or a liability, except for share-based payment and lease transactions, is determined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The measurement assumes that the transaction to sell the asset or transfer the liability takes place either in the principal market or in the absence of a principal market, in the most advantageous market.

For non-financial asset, the fair value measurement takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

### 3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### (r) Fair value measurement (Cont'd)

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. Fair value is categorised into different levels in a fair value hierarchy based on the input used in the valuation technique as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Unobservable inputs for the asset or liability.

The Group recognised transfers between levels of the fair value hierarchy as of the date of the event or change in circumstances that caused the transfers.

### (s) Contract assets and liabilities

Contract assets and liabilities in services contract represent the timing differences in revenue recognition and the milestone billings. The milestone billings are structured and/or negotiated with customers to reflect physical completion of the contracts.

Contract assets are transferred to receivables when the rights to economic benefits become unconditional. This usually occurs when the Group issues billing to the customer. Contract assets are recognised as revenue when performance obligations are satisfied.

When there is objective evidence of impairment, the amount of impairment losses is determined by comparing the contract asset's carrying amount and the present value of estimated future cash flows to be generated by the contract asset.

Contract liabilities are the obligation to transfer goods or services to customers for which the Group has received the consideration or has billed the customer. In the case of services contract, contract liabilities are the excess of the billings to-date over the cumulative revenue earned. Contract liabilities include down payments received from customers and other deferred income where the Group has billed or has collected the payment before the goods are delivered or services are provided to the customers.

### (t) Operating segments

An operating segment is a component of the Group that engages in business activities from which it may earn revenue and incur expenses, including revenue and expenses that relate to transactions with any of the Group's other components. An operating segment's operating results are reviewed regularly by the chief operating decision maker, which in this case is the Board of Directors of the Company, to make decisions about resources to be allocated to the segment and to assess its performance, and for which discrete financial information is available.

### (u) Other investments

### Club membership

Club membership acquired is measured at cost less any accumulated impairment losses.

## 4. **REVENUE**

|                 |       | Gr             | oup            | Com            | ipany          |
|-----------------|-------|----------------|----------------|----------------|----------------|
|                 | Note  | 2019<br>RM'000 | 2018<br>RM'000 | 2019<br>RM'000 | 2018<br>RM'000 |
| Dividend income | (i)   | _              | _              | 3,300          | 4,600          |
| Sales of goods  | (ii)  | 120,386        | 151,532        | _              | _              |
| Service income  | (iii) | 40,987         | 41,567         | -              | -              |
|                 |       | 161,373        | 193,099        | 3,300          | 4,600          |

Except for dividend income, these represent the invoiced value of goods sold and service rendered less discounts, return and net of taxes.

The performance obligations and revenue recognition policies for dividend income, sales of goods and service income have been presented as below:

### (i) Dividend income

Dividend income is recognised when the right to receive payment is established.

#### (ii) Sales of goods

The Group's revenue encompass sales of goods from the Distribution division, which principally involved in the distribution of inspection, test and measurement equipment, materials and engineering solutions and the Manufacturing division, which includes manufacturing of optical inspection equipment, automated handling equipment and advanced wafer measurement systems and the provision of vision software solutions for automated equipment, mechanical and electrical engineering consultancy and interface software for industrial equipment.

Revenue is recognised when the performance obligation ("PO") is satisfied upon the delivery of the products to the customers which requires customers' acknowledgement that the goods have been accepted by the customers. Only then will the enforceable right for payment be satisfied and revenue is recognised at point in time when a billing is raised, evidencing the transfer of control over the goods to customer. The distinct POs of delivery, service and installation are not material to be considered separately. Payment is generally due within 30 – 120 days from the date the PO is satisfied.

#### (iii) Service income

The Group provides after sales services such as the training, repairing, maintenance and replacement of equipment parts for its customers, which is on an annual service contract basis or a one-time off contract basis. The contract is comprised of a single PO and is satisfied over the contract period. Revenue of the after sales services are recognised over time based on the contract, whilst revenue from the replacement of equipment parts are recognised at the point in time control of the goods is transferred.

The following table shows unsatisfied performance obligations resulting from service contracts.

|   | 2020<br>RM'000 | 2019<br>RM'000 |
|---|----------------|----------------|
| <b>Group</b><br>Revenue expected to be recognised on service<br>contracts on the next 12 months | 2,020          | 1,811          |

## 8. TAX EXPENSE (CONT'D)

Domestic income tax is calculated at the Malaysian statutory tax rate of 24% (2018: 24%) of the estimated assessable profit for the year. Taxation for other jurisdictions is calculated at the rates prevailing in the respective jurisdictions.

A reconciliation of income tax expenses applicable to profit before tax at the statutory tax rate to income tax expenses at the effective income tax rate of the Group and the Company are as follows:

Subject to agreement with the Inland Revenue Board, the Group has the following items available for set off against future taxable profits as follows:

|   | Gr                 | oup            |
|---|--------------------|----------------|
|   | 2019<br>RM'000     | 2018<br>RM'000 |
| Unabsorbed capital allowances<br>Unutilised tax losses<br>Unutilised pioneer losses | 212<br>3,661<br>42 | 51<br>326<br>- |
|   | 3,915              | 377            |

With effect from Year of Assessment 2019, the unutilised business losses in a year of assessment of the Malaysia incorporated entities can only be carried forward for a maximum period of 7 consecutive years of assessment to be utilised against income from any business source.

### 9. EARNINGS PER SHARE

Basic earnings per ordinary share for the financial year is calculated by dividing the profit after tax attributable to owners of the Company by the weighted average number of ordinary shares outstanding during the financial year.

|  |              | Group              |
|--|--------------|--------------------|
|  | 2019         | 2018               |
| Profit after tax attributable to the Owners of the Company (RM'000)  | 3,307        | 14,071             |
| Number of ordinary shares at the beginning of the<br>year (unit'000)<br>Effects of ordinary share issue (unit'000) | 758,308<br>- | 606,647<br>125,484 |
| Weighted average number of ordinary shares<br>at end of the year (unit'000)  | 758,308      | 732,131            |
| Basic earnings per ordinary share (sen)  | 0.44         | 1.92               |

Diluted earnings per share is not presented as there are no dilutive potential ordinary shares outstanding during the financial year.

### 12. INTANGIBLE ASSETS (CONT'D)

Additions for the year include the following:

|  | 2019<br>RM'000 | 2018<br>RM'000 |
|--|----------------|----------------|
| Capitalised from profit or loss:<br>Employee benefits expenses | 1,135          | 1,187          |

#### Goodwill

The goodwill arose from the Group's acquisition of a subsidiary, QES (Hong Kong) Limited, and has been wholly allocated to this cash generating unit.

#### Impairment testing of goodwill

(a) Key assumptions used

The recoverable amount of the CGU has been determined based on value-in-use ("VIU") method using discounted cash flow projections from financial budgets approved by the management covering a four-years period.

The following describes each key assumption on which the management has based its cash flow projections to undertake impairment testing of goodwill.

(i) Budgeted gross margin

The basis used to determine the value assigned to the budgeted gross margin is the average rate achieved in the year immediately before the budgeted year, adjusted for expected efficiency improvements.

(ii) Pre-tax discount rate

The discount rates used are pre-tax of 11.2% (2018: 9%) per annum applied to cash flows was in determined the recoverable amount of the CGU. The discount rated used is based on the weighted average cost of capital the Company.

(iii) Forecasted revenue

Revenue growth assumptions of 2% (2018: 3%) for each of the projection years was based on the approved business plan and reflect the expectation of revenue to be generated and current assessment of market condition.

(b) Sensitivity to changes in assumptions

Management believes that any reasonably possible change in the key assumptions on which the recoverable amount of goodwill is based on would not cause the carrying amount to exceed its recoverable amount.

## 13. INVESTMENT IN SUBSIDIARIES (CONT'D)

The details of the subsidiaries are as follows (Cont'd):

|   | Country of    |      | ntage<br>y held |  |
|---|---------------|------|-----------------|--|
| Name of companies                         | Incorporation | 2019 | 2018            | Principal activities   |
| Subsidiaries of QMG:                      |               |      |                 |  |
| Creden Engineering<br>Sdn. Bhd. ("CRE")   | Malaysia      | -    | 100%            | Manufacturing, trading and<br>servicing of industrial parts<br>and equipment |
| QES Mechatronic<br>Sdn. Bhd. ("QMC")      | Malaysia      | 100% | 100%            | Manufacturing and trading of industrial equipment and systems                |
| QES Vision Solutions<br>Sdn. Bhd. ("QVS") | Malaysia      | 70%  | 70%             | Providing vision software solution<br>for automated equipment                |

*#* The financial statements of these subsidiaries were audited by auditors other than the auditors of the Company.

- \* In previous year, the Group considered QTP as their subsidiary due to its power on the existing rights that give it the current ability to direct the relevant activities that significantly affect the investee's returns. The Group will also have exposure or rights to the variable returns from its involvement in the investee and have power to affect the amount of its returns.
- (a) Additional investments/incorporation of subsidiaries

### 2019

<u>QTP</u>

On 5 December 2019, a wholly-owned subsidiary of the Company, QAP had subscribed for an additional 880,000 new ordinary shares in QTP for a consideration of RM702,260 by way of cash. Consequent to the subscription, the effective interest in QTP increased from 40% to 87.74%.

### 2018

QVS

QMG had on 4 April 2018 incorporated a subsidiary known as QVS. QMG had initially subscribed for 70% of the issued share capital of QVS comprising 70 shares for a total consideration of RM70. Subsequently, the investment was increased to 350,000 ordinary shares by the subscription of an additional 349,930 ordinary shares for a total cash consideration of RM349,930.

### (b) <u>Strike-off of subsidiaries</u>

During the year, QKL, QPG, QSR, VMX and CRE had been struck-off. The results of de-recognition of these subsidiaries is insignificant.

The subsidiaries of the Group that have material non-controlling interests ("NCI") are as follows:

## 13. INVESTMENT IN SUBSIDIARIES (CONT'D)

- (f) The subsidiaries of the Group that have material non-controlling interests ("NCI") are as follows: (Cont'd)
  - \* In the financial year ending 2018, a foreign subsidiary of the Company, QBK distributed total dividend of RM47,171 to the preference shareholder of QBK. According to the QBK's article of association, the holder of preference shares shall have a priority right to receive dividends before ordinary shareholder in any year, when dividends are declared by the Company, QBK at the rate not over 38% of the paid-up value of each share and shall have no further right to receive any other dividends or other profits left over after deducting the dividends amount entitled by the preference shareholder.
- (g) The summarised financial information before intra-group elimination of the subsidiaries that have material NCI as at the end of each reporting year are as follows: -

| At 1 January           | 758,308       | 606,647        | 61,180 | 32,592 |
| Issuance of new shares | -             | 151,661        | -      | 28,588 |
| At 31 December         | 758,308       | 758,308        | 61,180 | 61,180 |

The holders of ordinary shares are entitled to receive dividends as declared from time to time and is entitled to one vote per share at meetings of the Company. All shares rank equally with regards to the Company's residual assets.

In previous financial year, the paid-up share capital of the Company was increased from RM32,592,100 to RM61,179,724 by way of an issuance of 151,661,000 new ordinary shares.

The new ordinary shares issued during the financial year rank pari passu in all respects with the existing issued ordinary shares of the Company.

## 22. RESERVES

#### (i) Legal reserve

In accordance with Thai Civil and Commercial Code ("Thai Code") and the Articles of Association of QES (Thailand) Co., Ltd. ("QBK"), 5% of QBK's profit for all time of dividend payment is required to be transferred to a legal reserve. QBK may resolve to discontinue such transfers when the reserve reaches 10% of its capital. The reserve is not normally available for distribution.

#### (ii) Translation reserve

The translation reserve is used to record foreign currency exchange differences arising from the translation of the financial statements of foreign operations whose functional currencies are different from the of the Group's presentation currency. It is also used to record the exchange differences arising from monetary items, which form part of the Group's net investment in foreign operations, whereby the monetary item is denominated in either the functional currency of the reporting entity on foreign operation.

## 23. MERGER DEFICIT

The merger deficit arose from the difference between the carrying value of the investments and the nominal value of the shares of subsidiaries upon consolidation under the merger accounting principles.

## 24. BORROWINGS (CONT'D)

#### (a) Finance lease liabilities (Cont'd)

The interest rates for borrowings per annum were as follows:

|                           | Group       |             |
|---------------------------|-------------|-------------|
|                           | 2019<br>%   | 2018<br>%   |
| Bank overdrafts           | 8.24 - 8.57 | 8.34 - 9.07 |
| Bankers' acceptance       | 5.33 - 5.82 | 5.96 - 6.22 |
| Trust receipts            | 1.04 - 8.32 | 1.06 - 4.41 |
| Revolving loan            | 8.30        | 8.30        |
| Finance lease liabilities | -           | 2.31 - 3.36 |

The Group's bank borrowings are secured as follows:

- Fixed deposits placed with licensed financial institutions of the Group as disclosed in Note 20;
- Joint and several guarantee by certain Directors of the Company;
- Fresh facility agreement of a subsidiary;
- Corporate guarantee and indemnity of a subsidiary; and
- Legal charge on leasehold land and buildings of the Group as disclosed in Note 10. During the year, the Group has discharged the pledge of the leasehold land and buildings.

## 25. LEASE LIABILITIES

|   | Group<br>2019<br>RM'000 |
|---|-------------------------|
| Minimum lease payments:   |                         |
| Repayable within one year<br>Repayable between one and five years<br>Repayable above five years | 1,561<br>4,488<br>43    |
| Less: Future lease charges  | 6,092<br>(586)          |
| Present value of lease liabilities  | 5,506                   |
| Present value of lease liabilities :  |                         |
| Repayable within one year<br>Repayable between one and five years<br>Repayable above five years | 1,331<br>4,132<br>43    |
|   | 5,506                   |
| <b>Representing lease liabilities:</b><br>Current<br>Non-current                                | 1,331<br>4,175          |
|   | 5,506                   |

The lease liabilities of the Group bear interest at rates ranging from 2.31% to 10.00% per annum.

# 26. PROVISION FOR POST-EMPLOYMENT BENEFITS

|  | Group          |                |
|--|----------------|----------------|
|  | 2019<br>RM'000 | 2018<br>RM'000 |
| At 1 January   | 621            | 502            |
| Current service cost and interest (Note 6)                     | 145            | 155            |
| Payment  | (24)           | _              |
| Actuarial loss/(gain) on remeasurement of defined benefit plan | 47             | (9)            |
| Exchange differences   | 42             | (27)           |
| At 31 December   | 831            | 621            |

The principal actuarial assumptions used were as follows:

|  |                                | Group |
|--|--------------------------------|-------|
|  | 2019                           | 2018  |
| Discount rate<br>Annual salary rate increase | 5.21% - 7.74%<br>4.00% - 6.00% |       |

# 26. PROVISION FOR POST-EMPLOYMENT BENEFITS (CONT'D)

#### Sensitivity analysis

Reasonably possible changes at the reporting date to two of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts show below:

|   | Defined benefit obligat<br>Increase Decre<br>RM'000 RM' |      |
|---|---|------|
| 019                                       |   |      |
| Discount rate (1% movement)               | 9   | (9)  |
| Annual salary rate increase (1% movement) | 11  | (11) |
|   | 20  | (20) |
| 2018                                      |   |      |
| Discount rate (1% movement)               | 11  | (11) |
| Annual salary rate increase (1% movement) | 9   | (9)  |
|   | 20  | (20) |

# 27. TRADE PAYABLES

The Group's and the Company's normal trade credit terms are within 30-120 days (2018: 30-120 days). Other credit terms are assessed and approved on a case-by-case basis.

## 28. OTHER PAYABLES

|                | Gi             | roup                       | Com            | ipany          |
|----------------|----------------|----------------------------|----------------|----------------|

| Other payables | 2,296          | 1,785                      | 187            | 10             |
| Deposit        | 21             | 20                         | -              | _              |
| Accruals       | 6,851          | 9,557                      | 156            | 133            |
|                | 9,168          | 11,362                     | 343            | 143            |

## 29. AMOUNTS DUE FROM/(TO) SUBSIDIARIES

These amounts are non-trade in nature, unsecured, interest-free advances except for an amount RM2,304,400 (2018: Nil) which is subject to interest being charged at a rate of 3.46% (2018: Nil) per annum and all these amounts are repayable on demand.

The significant related party transactions are disclosed in Note 32.

## **30. CONTRACT LIABILITIES**

|   | G              | roup                       |
|---|----------------|----------------------------|
|   | 2019<br>RM'000 | 2018<br>RM'000<br>Restated |
| Contract liabilities<br>Deposit received from customers | 2,020<br>3,863 | 1,811<br>1,353             |
|   | 5,883          | 3,164                      |

The contract liabilities represent the amount received and/or receivable from maintenance services for the customers, which was sold on an annual service contract basis. Revenue arising from the maintenance services will be recognised in the profit and loss over the duration of the service contract, typically for a duration of one year.

The deposit received from customers represents the down payments received from customers, where the Group has billed or collected the payments before the goods are delivered or services are provided to the customers.

# 34. SEGMENT INFORMATION

#### (a) Reporting format

For management purposes, the Group is organised into business units based on their products and services, and has four reportable operating segments as follows:-

| Investment holding   | Investment in shares.  |
|--|--|
| Distribution division:<br>• Equipment<br>• Materials & Engineering Solutions | Marketing and servicing of scientific instruments.<br>Trading and servicing of industrial parts and equipment and  |
| Manufacturing division   | scientific instruments.<br>Manufacturing, trading and servicing of industrial parts<br>and equipment and providing vision software solution for<br>automated equipment |

#### Segment revenue and results

The accounting policies of the reportable segments are the same as the Group's accounting policies described in Note 3. Segment results represent profit or loss before finance costs and tax of the segment. Inter-segment transactions are entered in the ordinary course of business based on terms mutually agreed upon by the parties concerned.

## Segment assets

Segment assets are measured based on all assets of the segment, excluding deferred tax assets and tax assets.

#### Segment liabilities

Segment liabilities are measured based on all liabilities of the segment, excluding deferred tax liabilities and tax liabilities.

## 34. SEGMENT INFORMATION (CONT'D)

# (b) Allocation basis and transfers

Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly corporate assets, liabilities and expenses.

Segment revenue, expenses and results include transfers between business segments. These transfers are eliminated on consolidation. Segment revenue, expenses and results include transfers between business segments. These transfers are eliminated on consolidation.

Except as indicated above, no other operating segments has been aggregated to form the above reportable operating segments.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss which, in certain respects as explained in the table below, is measured differently from operating profit or loss in the consolidated statement of comprehensive income. Group financing (including finance costs) and income taxes are managed on a group basis and are not allocated to operating segments.

QES GROUP BERHAD Company No. 201401042911 (1119086-U)

## 34. SEGMENT INFORMATION (CONT'D)

- (a) Inter-segment revenues are eliminated on consolidation.
- (b) Other material non-cash expenses/(income) consist of the following items as presented in the respective notes to the financial statements:

|   | 2019<br>RM'000 | 2018<br>RM'000 |
|---|----------------|----------------|
| Bad debts written off                             | 2              | _              |
| (Gain)/Loss on unrealised foreign exchange        | (187)          | 207            |
| Loss allowance on trade receivables               | -              | 147            |
| Inventories written back                          | (115)          | -              |
| Inventories written down                          | -              | 393            |
| Inventories written off                           | 997            | -              |
| Property, plant and equipment written off         | 3              | 5              |
| Provision for post-employment benefits            | 145            | 155            |
| Reversal of loss allowance on trade receivables   | (210)          | _              |
| Gain on disposal of property, plant and equipment | (316)          | (1,190)        |
|   | 319            | (283)          |

(c) The following items are added to/(deducted from) segment profit to arrive at profit before tax presented in the consolidated statement of comprehensive income:

|                                 | 2019<br>RM'000 | 2018<br>RM'000 |
|---------------------------------|----------------|----------------|
| Profit from inter-segment sales | 245            | 231            |
| Dividend                        | (3,787)        | (5,631)        |
| Other income                    | (1,864)        | (3,096)        |
| Unallocated corporate expenses  | 1,640          | 2,652          |
|                                 | (3,766)        | (5,844)        |

(d) Additions to non-current assets consist of:

|  | 2019<br>RM'000 | 2018<br>RM'000 |
|--|----------------|----------------|
| Property, plant and equipment<br>Intangible assets                                     | 3,972<br>1,135 | 6,583<br>1,187 |
| Right-of-use assets:<br>- First time adoption of MFRS 16<br>- Addition during the year | 6,779<br>734   |                |
|  | 7,513          |                |
|  | 12,620         | 7,770          |

# 34. SEGMENT INFORMATION (CONT'D)

(e) Reconciliation of assets:

|                          | 2019<br>RM'000 | 2018<br>RM'000 |
|--------------------------|----------------|----------------|
| Segment operating assets | 146,531        | 152,340        |
| Deferred tax assets      | 1,686          | 476<br>649     |
| Tax recoverable          | 2,028          |                |
| Total assets             | 150,245        | 153,465        |

The following items are deducted from segment assets to arrive at total assets reported in the consolidated statement of financial position:

#### (f) Reconciliation of liabilities:

|   | 2019<br>RM'000       | 2018<br>RM'000     |
|---|----------------------|--------------------|
| <b>Segment operating liabilities</b><br>Deferred tax liabilities<br>Tax payable | 58,798<br>304<br>650 | 63,272<br>272<br>- |
| Total liabilities   | 59,752               | 63,544             |

#### **Geographical Information**

Revenue information based on the geographical location of customers is as follows:

Notes to the Financial Statements

122

#### **35. FINANCIAL INSTRUMENTS**

#### **Categories of financial instruments**

The Group's and the Company's financial assets and financial liabilities are all categorised as amortised costs except for short-term investments are categorised as fair value through profit or loss.

#### Financial risks management objectives and policies

The Group's and the Company's activities are exposed to a variety of financial risks which include credit risk, liquidity risk and foreign currency risk. The Group's and the Company's overall financial risk management policy focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's and the Company's financial performance.

Risk management is integral to the whole business of the Group and of the Company. Management continually monitors the Group's and the Company's risk management process to ensure that an appropriate balance between risk and control is achieved. Risk management policies and systems are reviewed regularly to reflect changes in the market conditions and the Group's and the Company's activities.

There have been no changes to the Group's and the Company's exposure to these financial risks or the manner in which it manages and measures the risk.

#### Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's and the Company's exposure to credit risk arises primarily from their receivables (which consist of trade receivables and other receivables). For other financial assets (including cash and bank balances, deposits placed with licensed banks and short-term fund), the Group and the Company minimise credit risk by dealing exclusively with high credit rating counterparties.

The Group's and the Company's objective are to seek continual revenue growth while minimising losses incurred due to increased credit risk exposure. The Group and the Company trade only with recognised and creditworthy third parties. It is the Group's and the Company's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis with the result that the Group's and the Company's exposure to bad debts is not significant. For transactions that do not occur in the country of the relevant operating units, the Group and the Company do not offer credit terms without the approval of the executive Directors.

#### Trade receivables

#### Exposure to credit risk, credit quality and collateral

As the Group does not hold any collateral, the maximum exposure to credit risk is represented by the carrying amount of the financial assets as at the end of the reporting period.

#### Concentration of credit risk

The Group determines concentration of credit risk by monitoring the profiles of its receivables on an ongoing basis.

At the end of the reporting period, there are 6 customers with balances amounting to 26% (2018: 6 customers amounting to 42%) of the Group's gross trade receivables.

## 35. FINANCIAL INSTRUMENTS (CONT'D)

#### Credit risk (Cont'd)

#### Recognition and measurement of impairment loss

The Group and the Company apply the MFRS 9 simplified approach to measure Expected Credit Losses ("ECL") which uses a lifetime expected loss allowance for trade receivables.

The Group and the Company assess impairment of trade receivables on individual and collective basis. In previous financial year, the Group and the Company assessed impairment on individual and collective basis.

For individual assessment, it is due to the number of debtors is minimal and these debtors can be individually managed by the Group in an effective and efficient manner. The Group has reasonable and supportable information available to assess the impairment individually. All these customers have low risk of default.

For collective assessment, the Group and the Company used an allowance matrix to measure ECL of collective assessed receivables as they are grouped based on shared credit risk characteristics, the days past due and similar types of contracts which have similar risk characteristics.

Loss rates under collective assessment are calculated using a 'roll rate' method based on the probability of a receivable progressing through successive stages of delinquency to 180 days past due. Loss rates are based on actual credit loss experienced over the past years. The Group and Company also consider differences between (a) economic conditions during the period over which the historic data has been collected, (b) current conditions and (c) the Group's and Company's view of economic conditions over the expected lives of the receivables.

Consistent with the debt recovery process, the Group and the Company have set an observation period of 180 days from the date of invoices, balances which are past due after the observation period will be considered as credit impaired.

| At end of the financial year       | 237            | 442            |

#### Cash and cash equivalents

The cash and cash equivalents are held with banks and financial institutions. As at the reporting period, the maximum exposure to credit risk is represented by their carrying amounts in the statements of financial position. These banks and financial institutions have low credit risks. Hence, a loss allowance is not necessary.

#### Other receivables and deposits

Expected credit loss of other receivable is determined individually after considering the financial strength of the other receivable. As at the end of the reporting period, the maximum exposure to credit risks is represented by their carrying amounts in the statement of financial position. The Group believes that generally no loss allowance is necessary in respect of other receivables and deposits that are neither past due nor impaired as these receivables and deposits are mainly arising from debtors that have good records of payment in the past.

# 35. FINANCIAL INSTRUMENTS (CONT'D)

#### Financial guarantees

#### Risk management objectives, policies and processes for managing the risk

The Company provides unsecured financial guarantees to banks in respect of banking facilities granted to certain subsidiaries. The Company monitors the ability of the subsidiaries to service their loans on an individual basis.

#### Exposure to credit risk, credit quality and collateral

The maximum exposure to credit risk amounts to RM11,454,000 (2018: RM2,900,000) representing the outstanding banking facilities of the subsidiaries as at the end of the reporting period.

The financial guarantees are provided as credit enhancements to the subsidiaries' secured loans.

#### Recognition and measurement of impairment loss

The Company assumes that there is a significant increase in credit risk when subsidiaries' financial position deteriorates significantly. The Company considers a financial guarantee to be credit impaired when:

- The subsidiary is unlikely to repay its credit obligation to the bank in full; or
- The subsidiary is continuously loss making and is have a deficit shareholders' fund.

The Company determines the probability of default of the guaranteed loans individually using internal information available.

These guarantees are subject to the impairment requirement under MFRS 9. The Company assessed that its subsidiaries have strong financial capacity to meet the contractual cash flows obligations in the near future and hence, does not expect significant credit losses arising from these guarantees.

#### Inter-company loans and advances

#### Risk management objectives, policies and processes for managing the risk

The Company provides unsecured loans and advances to subsidiaries. The Company monitors the ability of the subsidiaries to repay the loans and advances on an individual basis.

#### Exposure to credit risk, credit quality and collateral

As at the end of the reporting period, the maximum exposure to credit risk is represented by their carrying amounts in the statement of financial position. Loans and advances provided are not secured by any collateral or supported by any other credit enhancements.

#### Recognition and measurement of impairment loss

Intercompany loans between entities within the Group are repayable on demand. For loans that are repayable on demand, expected credit losses are assessed based on the assumption that repayment of the loan is demanded at the reporting date.

Generally, the Company considers loans and advances to subsidiaries have low credit risk. The Company assumes that there is a significant increase in credit risk when a subsidiary's financial position deteriorates significantly. As the Company is able to determine the timing of payments of the subsidiaries' loans and advances when they are payable, the Company considers the loans and advances to be in default when the subsidiaries are not able to pay when demanded.

#### 35. FINANCIAL INSTRUMENTS (CONT'D)

#### Inter-company loans and advances (Cont'd)

#### Recognition and measurement of impairment loss (Cont'd)

The Company determines the probability of default for these loans and advances individually using internal information available.

As at the year end, there was impairment loss required in respect of amounts due from subsidiaries.

#### Liquidity risk

Liquidity risk is the risk that the Group and the Company will not be able to meet their financial obligations as they fall due. The Group's and the Company's exposure to liquidity risk arises principally from its various payables and lease liabilities.

The Group and the Company practice prudent risk management by maintaining sufficient cash balances and the availability of funding through certain committed credit facilities.

The following table sets out the maturity profile of the financial liabilities as at the end of the reporting period based on contractual undiscounted cash flows (including interest payments computed using contractual rates or, if floating, based on the rates at the end of the reporting period):

| Group                       | Carrying<br>amount<br>RM'000 | Contractual<br>cash flows<br>RM'000 | Within<br>1 year<br>RM'000 | 1 - 5 years<br>RM'000 | More than<br>5 years<br>RM'000 |

#### Foreign exchange risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Group has transactional currency exposures that are denominated in a currency other than respective functional currencies of Group entities, primarily Ringgit Malaysia ("RM"), United States Dollar ("USD"), Thai Baht ("THB"), Vietnam Dong ("VND"), Philippine Peso ("Peso"), Indonesia Rupiah ("IDR") and Singapore Dollar ("SGD"). The foreign currencies in which these transactions are denominated are mainly USD, Euro Dollar ("EUR"), Japanese Yen ("YEN"), Hong Kong Dollar ("HKD") and Great Britain Pound ("GBP").

The Group does not have any formal hedging policy for its foreign exchange exposure and did not actively engage in activities to hedge its foreign currency exposures during the financial year. The Group seeks to manage the foreign currency risk by constructing natural hedges where it matches revenue and expenses in any single currency.

The Group is also exposed to currency translation risk arising from its net investments in foreign operations. The Group's net investment in Philippine, Thailand, Singapore, Vietnam, Hong Kong and Indonesia are not hedged as currency position in Peso, THB, SGD, USD, VND and IDR are considered to be long-term in nature.

The Group's exposure to foreign currency (a currency which is other than functional currency of the Group entities) risk, based on carrying amounts as at end of the reporting period was:

| Net exposure                          | 20,649        | 1,948         | (2,627)       | (996)         | 18,974          |

#### Foreign currency risk sensitivity analysis

The sensitivities of the Group's profit after tax and equity to the possible change in the following foreign currencies against the respective functional currencies of the Group entities are shown below. This analysis assumes that all other variables, in particular interest rates, remained constant and ignores any impact of forecasted sales and purchases.

A 10% strengthening of the foreign currencies of the Group entities against the functional currency at the end of the reporting period would have increased/(decreased) profit after tax and equity by the amounts shown below:

|   | Profit              | 2019             | Profit              | 2018             |
|---|---------------------|------------------|---------------------|------------------|
|   | after tax<br>RM'000 | Equity<br>RM'000 | after tax<br>RM'000 | Equity<br>RM'000 |
| Group<br>Foreign currencies/Functional currency |                     |                  |                     |                  |
| USD/RM  | 707                 | 707              | 1,569               | 1,569            |
| EUR/RM  | 49                  | 49               | 148                 | 148              |
| YEN/RM  | 17                  | 17               | (200)               | (200)            |
| GBP/RM  | (80)                | (80)             | (76)                | (76)             |

A 10% weakening of the foreign currencies of the Group entities against the functional currency at the end of the reporting period would have equal but opposite effect on profit after tax and equity.

## 35. FINANCIAL INSTRUMENTS (CONT'D)

#### Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Group's exposure to interest rate risk arises mainly from interest-bearing financial assets and liabilities. The Group's policies are to obtain the most favourable interest rates available. Any surplus funds of the Group and of the Company will be placed with licensed financial institutions to generate interest income.

In respect of interest-earning financial assets and interest-bearing financial liabilities, the following table indicates its effective interest rates at the reporting date and the periods in which they reprice or mature, whichever is earlier:

#### Exposure in interest rate risk

The interest rate profile of the Group's and the Company significant interest-bearing financial instruments, based on carrying amounts as at the end of the reporting period was:

|   | Gr             | oup            | Com            | pany           |

|   | 24,772         | 33,652         | 9,877          | 14,            |

#### Interest rate risk sensitivity analysis

Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss, and the Group does not designate derivatives as hedging instruments under a fair value hedge accounting model. Therefore, a change in interest rates as the reporting period would not affect profit or loss.

## 35. FINANCIAL INSTRUMENTS (CONT'D)

#### Interest rate risk (Cont'd)

Interest rate risk sensitivity analysis (Cont'd)

Cash flow analysis for variable rate instruments

A change of 10 basis points ("bp") in interest rates at the end of the reporting period would have increased/ (decrease) equity and profit after tax by amount shown below.

The following table details the sensitivity analysis to a reasonably possible change in the interest rates as at the end of the reporting period, with all other variables held constant:

|                             | (   | Group C                                   |   | Company                                   |  |
|-----------------------------|---|---|---|---|--|

| Decrease of 10 basis points | (19)                                      | (26)                                      | (8)                                       | (11)                                      |  |

## 36. FAIR VALUES

The aggregate fair values and the carrying amounts of other financial assets and liabilities carried on the statements of financial position as at 31 December are as below:

Financial instrument other than those carried at fair value

Financial instruments that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value

The carrying amounts of short term receivables and payable, cash and cash equivalents and short term borrowings approximate their fair value due to the relatively short term nature of these financial instruments and insignificant impact of discounting.

Table below analyses assets and liabilities carried at fair value and those not carried at fair value for which fair value is disclosed together with the carrying amounts shown in the statements of financial position.

The fair values of other investments are valued using the net asset value of the investment funds.

Level 3:

The fair value of finance liabilities is determined by discounting the relevant cash flows using interest rates for similar instruments at the end of the reporting period. As permitted by MFRS 9, the disclosure of fair value for lease liabilities are not required. In the previous financial year, the interest rate used to discount the estimated cash flows for finance lease liabilities was 2.92% to 3.31%.

There was no material transfer between Level 1, Level 2 and Level 3 during the financial year.

As at 31 December 2019

Notes to the Financial Statements

## **37. CAPITAL MANAGEMENT**

The Group manages their capital to ensure the Group will maintain an optimal capital structure so as to support the businesses and maximise shareholder value. To achieve this objective, the Group may make adjustments to the capital structure in view of changes in economic conditions, such as adjusting the amount of dividend payment, returning of capital to shareholders or issuing new shares.

The Group are in compliance with all externally imposed capital requirements.

The Group and the Company monitor capital using net debt-to-equity ratio which is the net debt divided by total capital. Net debt includes borrowings and lease liabilities less cash and cash equivalents balances whilst total capital is defined as equity attributable to Owners of the Company.

The net debt-to-equity ratios at end of the reporting period are as follows:

|   | Gro   | oup   |
|---|---|---|
|   | 2019<br>RM'000                                      | 2018<br>RM'000                                  |

| Gearing ratio (times)   | *   | *   |

\* Not meaningful to disclose negative gearing ratio.

## 38. SIGNIFICANT EVENT DURING THE FINANCIAL YEAR

On 25 June 2019, the Company has obtained shareholders' approval via the Extraordinary General Meeting ("EGM") held to establish an employees' share option scheme ("ESOS") involving up to 15% of the total number of issued shares of the Company (excluding treasury shares, if any) for eligible Directors and employees of the Company and its subsidiaries. The ESOS involves the granting of ESOS options to the Executive Directors, Non-Executive Directors and employees of the Group who meet the criteria of eligibility and are employed by entities that are not dormant.

On 1 July 2019, the Company announced that the final copy of the by-laws of the ESOS has been submitted to Bursa Malaysia Securities Berhad on 1 July 2019. Accordingly, the effective date of implementation of the ESOS shall be 1 July 2019.

No ESOS options were granted during the financial year.

# 39. SUBSEQUENT EVENT AFTER THE FINANCIAL YEAR

The Group's expectations on the global economic growth may sink to all time low levels as the Covid-19 outbreak is foreseen to impact worldwide demand and supply, creates uncertainties and suspends business operations worldwide especially in the first half of 2020. Nevertheless, the Group is conservatively optimistic that should the outbreak of Covid-19 subdue, there should be a possible up-tick in the second half of 2020 especially with the foreseeable recovery of the semiconductor, electrical and electronics industries. The long-term future of the global economy will depend on how these challenges are addressed.

The Group considers the Covid-19 outbreak to be a non-adjusting event subsequent to the reporting date and does not result in any adjustments to the financial statements for the year end 31 December 2019. To date, due to the unresolved uncertainties at this current stage, any material estimate of the financial impact for the financial year ending 31 December 2020 is unable to be reliably determined.

#### **40. COMPARATIVE FIGURES**

Certain comparative figures of the Group for the financial year ended 31 December 2018 have been reclassified to conform with the current presentation.
