To: The Shareholders of QES

Dear Sir/Madam,

PROPOSED SHARE BUY-BACK

1. INTRODUCTION

On 30th March 2023, the Board of Directors of QES announced the Company's intention to seek the approval of the shareholders of QES for the Proposed Share Buy-Back at the forthcoming 9th AGM of the Company.

The purpose of this Statement is to provide you with the relevant information on the Proposed Share Buy-Back, to set out our Board's recommendation thereon and to seek your approval for the resolution pertaining to the Proposed Share Buy-Back to be tabled at the forthcoming 9th AGM. The full text of the ordinary resolution pertaining to the Proposal is set out in the Notice of the Company's 9th AGM as set out in the Annual Report 2022.

SHAREHOLDERS ARE ADVISED TO READ AND CAREFULLY CONSIDER THE CONTENTS OF THIS STATEMENT TOGETHER WITH THE APPENDICES CONTAINED HEREIN BEFORE VOTING ON THE RESOLUTION PERTAINING TO THE PROPOSED SHARE BUY-BACK TO BE TABLED AT THE FORTHCOMING 9th AGM.

2. DETAILS OF THE PROPOSED SHARE BUY-BACK

In accordance with Section 127 of the Act, the Company's Constitution, the Listing Requirements and any prevailing laws, orders, guidelines, rules and regulations issued by the relevant authorities at the time of the purchase, the Company is allowed to

purchase its own Shares on Bursa Securities through its appointed stockbroker(s) as approved by Bursa Securities.

Accordingly, the Board proposes to seek the authority from the shareholders of QES to purchase and/or hold up to 10% of the Company's total issued Shares at any point of time within the period of time being quoted on Bursa Securities through stockbroker(s) to be appointed at a later date.

2.1 Maximum number or percentage of QES Shares to be acquired

As at the LPD, QES has a total of 834,138,800 shares. Pursuant to the Proposed Share Buy-Back, QES may purchase up to 83,413,880 QES Shares, representing up to 10% of its total number of issued Shares as at the LPD.

The computation of the total number of issued QES Shares assuming that the Proposed Share Buy-Back is to be implemented in full is illustrated as follows:

	Maximum Scenario
Total number of issued Shares as at LPD	834,138,800
Less: Maximum number of QES Shares that may be purchased pursuant to the Proposed Share Buy-Back	(83,413,880)
Resultant Issued Share Capital	750,724,920

2.2 Maximum amount of funds to be allocated and the source of funds

Paragraph 12.10(1) of the Listing Requirements stipulates that the Proposed Share Buy-Back must be made wholly out of the retained profit of the Company. Accordingly, the maximum funds to be allocated by the Company for the Proposed Share Buy-Back shall not exceed the total retained profit of the Company at the time of purchase.

Based on the latest audited financial statements of QES for the financial year ended 31 December 2022, the Company's retained profit is approximately RM2,609,000.

Notwithstanding the above, the Proposed Share Buy-Back may be funded using the internally generated funds of QES and/or external borrowings, the exact proportion/quantum has yet to be determine at this juncture. The source of funding the Proposed Share Buy-Back will only be determined at a later stage depending on, amongst others, the availability of internally generated funds, the retained profit and financial resources of the Company at the time of the purchase(s), the actual number of QES Shares to be purchased and other relevant cost factors.

The actual number of QES Shares to be purchased and the timing of such purchases will depend on, amongst others, the market conditions and sentiments of the stock market as well as the retained profit and the financial resources available to the Company.

2.3 Duration of the Proposed Share Buy-Back

The implementation of the Proposed Share Buy-Back would be effective immediately upon the passing of the ordinary resolution for the Proposed Share Buy-Back by the shareholders of QES at the forthcoming 9th AGM. Pursuant to Paragraph 12.07(3) of the Listing Requirements, the Proposed Share Buy-Back shall be valid until:-

- (a) the conclusion of the next AGM of the Company following at which time the authority will lapse unless by ordinary resolution passed at that general meeting, the authority is renewed, either unconditionally or subject to conditions;
- (b) the expiration of the period within which the next AGM of the Company is required by law to be held; or
- (c) revoked or varied by an ordinary resolution passed by the shareholders of the Company in a general meeting,

whichever occurs first ("**Authority Period**").

The Proposed Share Buy-Back will allow the Board to exercise the power of the Company to purchase its own Shares at any time during the Authority Period.

2.4 Treatment of Purchased Shares

In accordance with Section 127(4) of the Act, the Board may, at their discretion, resolve the Purchased Shares in the following manner:

- i) cancel the Shares so purchased ("Purchased Shares");
- ii) retain the Purchased Shares as treasury shares; or
- iii) retain part of the Purchased Shares as treasury shares and cancel the remainder of the Purchased Shares.

Accordingly, based on Section 127(7) of the Act, where such Purchased Shares are held as treasury shares, the Board may, at their discretion: -

- i) distribute the Purchased Shares as dividends to QES shareholders, such dividends to be known as "share dividends";
- ii) resell the Purchased Shares or any of the Purchased Shares in accordance with the relevant rules of Bursa Securities;
- iii) transfer the Purchased Shares or any of the Purchased Shares for the purpose of or under an employees' share scheme;
- iv) transfer the Purchased Shares or any of the Purchased Shares as purchase consideration;
- v) cancel the Purchased Shares or any of the Purchased Shares; or
- vi) sell, transfer or otherwise use the Purchased Shares for such other purposes as the Minister (as set out in the Act) may by order prescribe.

In the event the Purchased Shares are held as treasury shares, Sections 127(8) and 127(9) of the Act states that the rights attached to them as to voting, dividends and participation in other distributions or otherwise are suspended and the treasury shares shall not be taken into account in calculating the number or percentage of Shares or of a class of Shares for any purposes including substantial shareholding, takeovers, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on a resolution at a meeting.

The decision whether to retain the Purchased Shares as treasury shares, or to cancel the Purchased Shares or a combination of both, will be determined by the Board at the appropriate time.

The Company will make an immediate announcement to Bursa Securities of any purchase or resale of QES Shares and whether the Purchased Shares will be cancelled or retained as treasury shares or a combination of both.

2.5 Pricing

Pursuant to Paragraph 12.17 of the Listing Requirements, QES may only purchase its own Shares at a price which is not more than fifteen percent (15%) above VWAP of QES Shares for the 5 market days immediately before the date of the purchase(s).

Pursuant to Paragraph 12.18 of the Listing Requirements, QES may only resale or transfer of any treasury shares on Bursa Securities at a price which is: -

- i) not less than the weighted average market price of QES Shares for the 5 market days, immediately before the resale or transfer; or
- ii) a discounted price of not more than 5% to the weighted average market price of QES Shares immediately before the date of resale or transfer, provided that: -
 - a) the resale or transfer takes place not earlier than 30 days from the date of the purchase; and
 - b) the resale or transfer price is not less than the cost of purchase of the QES Shares being resold or transferred.

2.6 Public Shareholding Spread of QES

The Proposed Share Buy-Back will be carried out in accordance with the prevailing laws at the time of the purchase including compliance with the 25% shareholding spread requirements as set out in Paragraph 8.02(1) of the Listing Requirements.

As at LPD, the public shareholding spread of the Company stood at 46.93%.

The Board is mindful of the requirement that any purchase of QES Shares by the Company must not result in the public shareholding spread of QES failing below 25% of the total number of issued Shares.

2.7 Previous purchases, resale and cancellation of treasury shares

Presently, the Company does not have an existing authority to purchase its Shares. Hence, the Company currently does not hold any treasury shares and has not purchased, resold and/or cancelled any Shares during the last 12 months preceding the LPD.

2.8 Implications Relating to the Code

If as a result of the Proposed Share Buy-Back,

- (i) a shareholder who holds less than 33% of the voting shares of QES has inadvertently increased his shareholding to more than 33%; or
- (ii) a shareholder who holds more than 33% but less than 50% of the voting shares of QES has inadvertently increased his shareholding by 2% within a six-months period, the said shareholder will be obliged under Rule 4.01 of the Rules on Take-Overs to make a Mandatory Offer ("MO") for the remaining QES Shares not held by him.

Notwithstanding the above, the said shareholder is allowed to make an application to the Securities Commission Malaysia for a waiver from implementing an MO under Rule 4.15 of the Rules on Take-Overs.

It is not the intention of the Company to cause any shareholder to trigger an obligation to undertake an MO under the Rules on Take-Overs and the Company will be mindful of the above implications of the Rules on Take-Overs in making any purchase of its own shares under the Proposed Share Buy-Back.

2.9 Potential Advantages and Disadvantages of the Proposed Share Buy-Back

The potential advantages of the Proposed Share Buy-Back are as follows:

- a) The Proposed Share Buy-Back, if implemented, will allow the Company to take preventive measure against speculation which would in turn, stabilise the market price of QES Shares and hence, enhance investor's confidence.
- b) The Company would have the opportunity to realise potential capital gains if the Purchased Shares are resold at prices higher than the purchase prices and such proceeds may be subsequently utilised for working capital and investment opportunities arising in the future.
- c) The Purchased Shares (if retained as treasury shares) may serve as an alternative to reward the shareholders of the Company in the event the Company distributes the treasury shares as share dividends.

The potential disadvantages of the Proposed Share Buy-Back are as follows:

- a) The Proposed Share Buy-Back will reduce the amount of resources available for distribution to the shareholders of the Company and may result in the Group having to forego feasible investment opportunities that may surface in the future. However, the financial resources of the Group may increase if the

Purchased Shares are resold at prices higher than the acquisition cost.

- b) The Proposed Share Buy-Back will reduce the trading liquidity of Shares in the open market as a result of a decrease in the number of outstanding Shares.

The Board does not expect the Proposed Share Buy-Back to result in any material disadvantage to the Company and its shareholders as it will be implemented only after taking into consideration that there is adequate cash flow to fund QES Group's working capital requirements prior to allocating the available resources for the Proposed Share Buy-Back. The Board, in exercising any decision to purchase any QES Shares will be mindful of the interests of the Company, the Group and the shareholders in implementing the Proposed Share Buy-Back.

3. RATIONALE FOR THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back will enable QES to utilise any of its surplus financial resources, which is not immediately required for other uses, to purchase its own Shares from the market. With the Share Buy-Back mandate being procured, the Company will be able to stabilise the supply and demand of QES Shares traded on Bursa Securities and thereby support its fundamental value, if required.

In addition, the Purchased Shares may be held as treasury shares and resold on Bursa Securities with the intention of realising a potential gain without affecting the total issued shares of the Company. Should any treasury shares be distributed as share dividends, this would serve to reward the shareholders of the Company.

The Proposed Share Buy-Back is not expected to have any potential material disadvantages to the Company and its shareholders, and it will be implemented only after taking into consideration, amongst others, the financial resources of QES Group, and of the resultant impact on the shareholders of the Company. The Board will be mindful of the best interests of the Company and its shareholders when undertaking the Proposed Share Buy-Back.

4. EFFECTS OF THE PROPOSED SHARE BUY-BACK

The effects of the Proposed Share Buy-Back on issued share capital, NA, working capital, earnings and shareholdings of Directors and Substantial Shareholders of the Company are set out below:

4.1 Issued Share Capital

The effect of the Proposed Share Buy-Back on the Company's total issued share capital will depend on whether the Purchased Shares are cancelled or retained as treasury shares.

In the event the Proposed Share Buy-Back Authority is implemented in full and all the purchased Shares are subsequently cancelled, the pro forma effects on the total issued share capital of the Company as at the LPD are as follows:

Company Level	No. of Shares
Total issued share capital of QES as at the LPD	834,138,800
Less:	
Assuming if remaining maximum number of Shares are purchased pursuant to the Proposed Share Buy-Back Authority	83,413,880
Resultant issued share capital	750,724,920

4.2 NA and gearing

The effects of the Purchased Shares on the NA of the QES Group are dependent on factors such as the number of QES Shares which the Company will buy-back, purchase price of the QES Shares at the time of the buy-back, the treatment of the Shares purchased and the funding cost, if any.

The Purchased Shares that are retained as treasury shares would decrease the consolidated NA by the acquisition cost of the treasury shares as the treasury shares are required to be carried at cost and would offset against the equity. The acquisition costs for future shares buy-back are unknown at this juncture. If the treasury shares are subsequently cancelled or distributed as share dividends, there will be no additional effect on the consolidated NA of QES.

In the event that the Purchased Shares that are retained as treasury shares are resold in the open market on Bursa Securities, the consolidated NA of QES will be affected by the resale value of the Shares. In the event the resale value is higher than the cost, there would be a net increase in the consolidated NA of QES. On the contrary, in the event the cost is higher than the resale value, there would be a net decrease on the consolidated NA of the Company.

If the Purchased Shares are retained as treasury shares, cancelled and/or distributed as share dividends, the consolidated NA will decrease if the purchase price of QES Shares exceeds the consolidated NA, and if the consolidated NA exceeds the purchase price of QES Shares, the consolidated NA will increase. On the contrary, the converse effect would apply in the event the treasury shares are resold on Bursa Securities.

4.3 Earnings and EPS

The effects of the Proposed Share Buy-Back on the earnings of the Group are dependent on the purchase price of QES Shares and the effective funding cost of such purchases or loss in interest income to the Group, if internally generated funds are utilised.

Furthermore, the Proposed Share Buy-Back, regardless if the Purchased Shares are maintained as treasury shares or cancelled, will result in a lower number of Shares being used for the purposes of computing the EPS. Hence, the Proposed Share Buy-Back will improve the EPS of QES, which in turn is expected to have a positive influence on the market price of QES Shares.

In the event the Purchased Shares which are retained as treasury shares and subsequently resold, the extent of the effect on the earnings of QES Group will depend on the actual selling price, the number of treasury shares resold and the effective gain or the interest savings arising from the exercise.

4.4 Working Capital

The Proposed Share Buy-Back will result in cash outflow, thereby reducing the working capital of the QES Group, the quantum of which is dependent on the purchase prices of the Purchased Shares, the quantity of Purchased Shares, and the funding costs, if any. Nevertheless, the Board will take into consideration the interests of QES and its shareholders as well as assess the working capital requirements of the Group prior to the Proposed Share Buy-Back.

4.5 Dividends

Assuming the Proposed Share Buy-Back is implemented in full, dividends can be paid on the remaining issued share capital of the Company. However, the Proposed Share Buy-Back may reduce the amount of distributable reserves available for payment of dividend in the immediate future.

Nonetheless, if the Purchased Shares are retained as treasury shares, they may be distributed as dividends to the shareholders of the Company, if the Company so decides.

4.6 Directors' and Substantial Shareholders' Shareholdings

For illustration purposes only, based on the Record of Directors' Shareholdings and Substantial Shareholders as at the LPD and assuming the Purchased Shares by the Company pursuant to the Proposed Share Buy-Back is carried out in full, the pro forma effects of such purchase on the shareholdings of the substantial shareholders and directors of QES are as follows: -

	Shareholdings as at the LPD				After the Proposed Share Buy-Back

5. APPROVAL REQUIRED

The Proposed Share Buy-Back is subject to and conditional upon the shareholders' approval being obtained at the 9th AGM of QES to be convened.

The Proposed Share Buy-Back is not conditional upon any other proposals undertaken or to be undertaken by the Company.

6. INTERESTS OF DIRECTORS, SUBSTANTIAL SHAREHOLDERS AND/OR PERSON CONNECTED TO THEM

Save for the proportionate increase in percentage of shareholdings and/or voting rights of shareholders of the Company as a result of the Proposed Share Buy-Back, none of the Directors and Substantial Shareholders of the Company and/or persons connected with them have any interests, direct or indirect, in the proposed purchase of shares or resale of treasury shares, if any in the future.

7. HISTORICAL SHARE PRICES

The monthly highest and lowest prices of QES Shares traded on Bursa Securities for the past twelve (12) months are as follows:

	Highest RM	Lowest RM
